The Chrysler Grand Voyager is so big, we swear there ' s an echo if someone shouts. Sadly, that ' s probably down to the hollow sounding, hard surfaces that seem to be Chrysler ' s material of choice for constructing the cabin. For a car costing as much as the Grand Voyager does, this family MPV is seriously lacking in any quality feel.

I also like the column mounted gearchange on both models and am disappointed Chrysler have gone to a centre floor mounted gear lever in the newer versions. Safety rating is a let down. Despite the above comments i probably would go for another Grand Voyager if i were to change the car but i would do a lot more research to see whether the model i was looking at had similar problems that i have experienced.
