" Back in the U.S.S.R. " is a song by the English rock band the Beatles and the first track of the 1968 double album The Beatles (also known as the "White Album"). Written by Paul McCartney and credited to the Lennon–McCartney partnership, the song is a parody of Chuck Berry 's " Back in the U.S.A. " and the Beach Boys " California Girls ".

The collection of short stories in Back in the USSA are very entertaining and do a great job of world building without really moving from the obvious plot lines. To some degree however, I feel like this is a missed opportunity of sorts.

1989... One of the two superpowers which has dominated the 20th century is on the verge of being torn apart. The old communists regime which has held sway since the Revolution of 1917 is weak and divided. Dissident voices, silent for too long, have been raised against the corrupt and inefficient gangsterism of a morally and financially bankrupt ruling party. A new age of openness and reconstruction is dawning... This is the United Socialist States of America. When Eugene Debs led the Revolution, few expected it to lead to the iron-fisted regime of Chairman Al "Scarface" Capone, a dictatorship that would last into the 1950s. But no tyranny, capitalist or communists, can stop real revolutionaries like Buddy Holy, Howard Hughes, Tom Joad, Eliot Ness, Kurt Vonnegut, andthe Blues Brothers. This is the story of 20th century where America had a revolution... and Russia didn't; where there were Tsars in the Kremlin and Commissars in the White House. Where America invaded Japan and Britain fought the war in Vietnam; where Isaac Asimov was a Russian TV astrologer and Ed Gein was a Hero of Labor. Kim Newman and Eugene Byrne turn history on its head with this novel of "what if...?" -- a must-read for Proletariats world-wide!

As America takes over Russia, multinationals jostle for position in a suddenly fertile Russian market. Private-eye Dean Joplin, formerly of the CIA, is called upon to solve a brutal murder that was committed in the Kosmos luxury hotel.

Consumption of alcohol: Illegal. Football and other "violent" sports: Illegal. Ownership of guns, chain saws, and/or large dogs: Illegal. Body piercings, tattoos: Illegal. It's late in the twenty-first century, and the United Safer States of America (USSA) has become a nation obsessed with safety. For Bo Marsten, a teenager who grew up in the USSA, it's all good. He knows the harsh laws were created to protect the people. But when Bo's temper flares out of control and he's sentenced to three years of manual labor, he's not so down with the law anymore. Bo's forced to live and work in a factory in the Canadian tundra. The warden running the place is totally out of his mind, and cares little for his inmates' safety. Bo will have to decide what's worse: a society that locks people up for road rage, or a prison where the wrong move could make you polar bear food.

The poet Langston Hughes was a tireless world traveler and a prolific translator, editor, and marketer. Translations of his own writings traveled even more widely than he did, earning him adulation throughout Europe, Asia, and especially the Americas. In The Worlds of Langston Hughes, Vera Kutzinski contends that, for writers who are part of the African diaspora, translation is more than just a literary practice: it is a fact of life and a way of thinking. Focusing on Hughes's autobiographies, translations of his poetry, his own translations, and the political lyrics that brought him to the attention of the infamous McCarthy Committee, she shows that translating and being translated—and often mistranslated—are as vital to Hughes's own poetics as they are to understanding the historical network of cultural relations known as literary modernism. As Kutzinski maps the trajectory of Hughes's writings across Europe and the Americas, we see the remarkable extent to which the translations of his poetry were in conversation with the work of other modernist writers. Kutzinski spotlights cities whose role as meeting places for modernists from all over the world has yet to be fully explored: Madrid, Havana, Buenos Aires, Mexico City, and of course Harlem. The result is a fresh look at Hughes, not as a solitary author who wrote in a single language, but as an international figure at the heart of a global intellectual and artistic formation.

Beyond the facade of the two major political parties, there is an inherent flaw in our system. Like the USSR, the imperial road of constant perpetual war and the shameless corporate consolidation of wealth, will beget an economic implosion.The system's weakness is mainly in the executive branch where the cabinet can be stuffed like a corporate wish list of big money puppets who trade blood for profit. The war pigs' over bloated, military budget does not have the primary purpose of defense. It serve as a medium to funnel cash into select industries, particularly, energy, pharmaceuticals, weapons, and construction. Both parties voted for a war that was based on conscious lies, not tragic mistaken intelligence, or even incompetence, this war was based on well-planned propaganda, known forgeries, and intentional lies. Discover the roots of the war planers, how they promoted it, and why. It is time the great American nation exposed its neocon leeches and removed the Zionists snakes in our ear.The press is too busy with celebrity gossip to care about reporting the news. Mass media is deceptive. We at www.anti-neocons.com break the media monopoly. If you want to know the truth, you can not trust the TV.

The bastard step-child of Milton Friedman and Anthony Bourdain, Socialism Sucks is a bar-crawl through former, current, and wannabe socialist countries around the world. Free market economists Robert Lawson and Benjamin Powell travel to countries like Venezuela, Cuba, Russia, and Sweden to investigate the dangers and idiocies of socialism—while drinking a lot of beer.

U.S.S.A., the bold new series of America's brave freedom fighters of tomorrow.

When U.S. generals take over the American government, Eddie Ludlow and other teenagers are determined to fight back in order to restore freedom.

Demonstrates backrubs for athletes, pregnant women, and babies, recommends oils and herbs, and tells how massage can relieve stress

George Corbett, a successful American banker, is nominated as chairman of the Federal Reserve Board, but no one is aware that he is really a KGB mole
