Katie Dean. I should also in troduce myself...I am Katie Dean and many of you will already know me as the owner of Bead Flowers. I have been creating and making my own beading designs since 2003, firstly as a hobby that saw me through a serious illness and now as a career that combines everything I love. Before I even started beading, I had a career as a strategy consultant, working for companies that ranged from small start-ups to FTSE100 corporations.

Bead Flowers is a Japan Publications publication.

Keiko's unique approach to ikebana, the Japanese art of flower arranging, combines traditional techniques with modern tastes. Her influences\u2014which range from sculpture to today's Western floral design\u2014come together to create one-of-a-kind arrangements that are authentic and eye-catching, simple and graceful, and possible for anyone to achieve. This book presents step-by-step instructions for creating 20 stunning ikebana arrangements in a range of sizes and styles. Each of the flower arrangements can be completed in just three simple steps and uses easy-to-find floral materials and containers. The book also includes an introduction to the history of ikebana as it relates to Japan and Japanese culture, as well as a guide to the basic rules of ikebana design and floral techniques. Suggestions for finding and choosing materials and supplies make it easy to learn how to arrange flowers and gain a hands-on appreciation of the art of Japanese flower arranging.

A charming assortment of one-of-a-kind miniature boxes in a variety of shapes for all skill levels. Julia S. Pretl offers crafters her original method for creating decorative beaded boxes and lids in a wide range of surface designs and shapes. Working only with cylinder and seed beads, needle and thread, crafters can create an impressive array of clever and colorful miniature containers. With step-by-step illustrations and easy-to-follow word graphs and patterns, Pretl leads the reader through the techniques for creating three-sided, five-sided, and six-sided rectangular, square, and stacked boxes. Four-color photographs of each of the 12 designs introduce each set of instructions. Detailed drawings illustrate the beading techniques.

If you enjoyed the book Geometric Beadwork then this second volume in the series is the perfect next step. This book contains over 25 brand new projects covering all aspects of geometric beading as well as 3 of Jean Power's Designer of the Year projects (plus brand new variations on them!) This 128 page book is crammed full of geometric beadwork, techniques and projects to delight and inspire. Featuring over 300 diagrams and photos, and with bracelets, necklaces, chains, brooches, pendants and more there is something for everyone. The book begins with the basics of geometric beadwork before moving onto design & inspiration considerations then then separating into 4 different chapters: Triangles, Squares, and 'The Maths'. In addition to full page photos, so you can see all the detail, every project has: The quantity, size (and where relevant the colour number) of beads you will need The techniques needed (every technique needed is shown in detail at the start of the book or relevant chapter) Detailed step-by-step instruction using a mix of text, diagrams and photos A favourite feature: 'In a nutshell'. This distils each project down to its essential steps meaning you can read that and dive right in if you're more experienced

Add dimension and luster to your projects\u2014from sewing to jewelry making to mixed-media art\u2014with tiny, shiny treasures. Inspired by the magic of beads, buttons, and charms, experienced teacher Christen Brown shares eight stunning beadwork projects including brooches, bracelets, and wall hangings. This helpful visual guide to 125 bead-embroidered and bead-woven stitches categorizes each stitch by style, with a second alphabetical index included\u2014and the robust project gallery will inspire crafters of all skill levels, from embroiderers and sewists to crazy quilters, mixed-media artists, and jewelry makers.

Have you ever wanted a unique way of celebrating a special occasion? Keepsake Cards is your answer. If you enjoy beading, then you can learn how to make miniature cards using Peyote Stitch and decorate them to celebrate your personal occasion. This book takes you through the basic techniques for making four different card blanks, then shows you how to add beaded images and text. It includes nine complete projects, a gallery of inspiration and lots more ideas and guidance to help you create your own unique designs. Written by the well-known bead artist, Katie Dean, this is sure to be a winner in the beading community and beyond.

After breezing through a history and overview of equipment, the authors emphasize the how-to in such elaborate processes as tubular beaded crochet. Every one of the more than 25 projects focuses on a specific tool or technique, complete with color graphs, a list of materials, size and measurements, a color photo, and diagrams. ...Directions...are presented with plenty of details. " \u2014Booklist.

Provides information on supplies, tools, and techniques for making jewelry based on coiled and shaped wires, and outlines a variety of different projects, most featuring beads.

Follow the clear step-by-step instructions to make a dazzling array of beaded baubles, stars, icicles and snowflakes, and adorable beaded Christmas Tree, Santa, Angel and Christmas Pudding designs that look great as earrings and work equally well as small decorations. Learn how to take the designs further by changing the bauble size, create mobiles, make beautiful beaded tassels, or simply take your favourite element of a design and create a beautiful piece of jewellery.
