Before Memory Fades An Autobiography (Fali S. Nariman) by Fali S. Nariman. Description. From the Jacket. A revelatory, comprehensive and perceptive autobiography - candid, compelling and authoritative. Over the decades, Fali S. Nariman has attained the status of a pre-eminent advocate whose views are not only heard by those in the corridors of power - both judicial and political - but also respected.

[Before Memory Fades: An Autobiography by Fali S. Nariman ...](#)

Before Memory Fades by Fali S. Nariman is a revelatory, comprehensive and perceptive autobiography - candid, compelling and authoritative.Internationally admired and respected, Fali S. Nariman is a senior advocate of the Supreme Court of India. He began his career at the Bombay High Court in November 1950, and has since been active in the legal profession. Over the years, he has held several prestigious posts at both the national and international levels. He became a Member of Parliament (Rajya Sabha) in November 1999. He is the recipient of the Padma Bhushan (1991) and the Padma Vibhushan (2007). Starting with his formative years, when he had the good fortune to interact with many eminent judges and advocates, Fali S. Nariman moves on to deal with a wide variety of important subjects, such as, the sanctity of the Indian Constitution and attempts to tamper with it. crucial cases that have made a decisive impact on the nation, especially on the interpretation of the law, the relationship between the political class and the judiciary, the cancer of corruption and how to combat this menace, the author outlines measures to restore the now-low credibility of the legal profession, he also delineates his role in several high-profile cases. In recognition of his track record, the Government of India nominated him to the Rajya Sabha. He describes the highlights of his tenure there. Both members of the legal profession and the lay reader will find the contents informative and useful.

A definitive, analytical and meticulous account of the present state of the nation - from a constitutional perspective - by one of India's most respected legal luminaries An ardent defender of the Constitution of India, Fali Nariman has today attained the status of an outstanding lawyer who strongly believes in the rule of the law and stands by his convictions. In this timely volume, the author highlights crucial issues that the legislature, the executive, judiciary, the bar and the common people have to deal with virtually on a day-to-day basis. His main focus is on corruption at various levels and in 'hallowed' institutions, including the judiciary. The author contends that the legislative and executive wings of the government - the elected representatives of the people - were (and are) expected to provide for the welfare of the people. He points out that they have failed miserably simply because making of laws is not enough; applying and enforcing laws - which are also the primary duties of the government - have left much to be desired. Consequently, it is the judiciary that tells the government when and how to distribute excess food, what crops to grow and what not to grow, which economic projects are good for the country and which are not, and what fuel should be used in our vehicles and whether 2G/3G licences should be allotted only through auctions! The judiciary is hence accused of overreach! The contents also throw light on other important subjects such as: the implications of reservations for certain sections of the population (including minorities); the true purpose and significance of the Constitution; Centre-State relations; and whether the Constitution has benefited the common people over the years. This is a book that is absorbing as well as thought-provoking that will make the readers put on their thinking caps.

Autobiography of a senior advocate of the Supreme Court of India.

[Before Memory Fades: An Autobiography by Fali S. Nariman ...](#)

An incisive and comprehensive view of India's legal process and its key issues India has the second-largest legal profession in the world, but the systemic delays and chronic impediments of its judicial system inspire little confidence in the common person. In India's Legal System, renowned constitutional expert and senior Supreme Court lawyer Fali S. Nariman explores the possible reasons. While realistically appraising the criminal justice system and the performance of legal practitioners, he elaborates on the different aspects of contemporary practice, such as public interest litigation, judicial review and activism. In lucid, accessible language, Nariman discusses key social issues such as inequality and affirmative action, providing real cases as illustrations of the on-ground situation. This frank and thought-provoking book offers valuable insights into India's judicial system and maps a possible road ahead to make justice available to all.

What makes Piyush Pandey an extraordinary advertising man, friend, partner and leader of men? How does he manage to exude childlike enthusiasm, and bring such deep commitment to his work? You've seen most of the things that Piyush Pandey has seen in his life. You've seen cobblers, carpenters, cricketers, trains, villages, towns and cities. What makes Piyush different is the perspective from which he views the same things you've seen, his ability to store all that he sees into some recesses of his brain and then retrieve them at short notice when he needs to. That ability combined with his love, passion and understanding of advertising and of consumers make him the master storyteller that he is. In Pandeymonium, Piyush talks about his influences, right from his childhood in Jaipur and being a Ranji cricketer, to his philosophy, failures and lessons in advertising in particular and life in general. Lucid, inspiring and unputdownable, this memoir gives you an inside peek into the mind and creative genius of the man who defines advertising in India.

Who was Shah Bano and why was her alimony pertinent to India's Secularism? Does the fundamental right to life include the right to livelihood and shelter? Where there is the right to live, is there also the right to die? How did Bhanwari Devi's Rape help define sexual harassment at the workplace? Here are the Supreme Court's ten pivotal judgements that have transformed Indian democracy and redefined our daily, lives. Exploring vital themes such as custodial deaths, reservations and environmental jurisprudence, this book contextualizes the judgements, explains key concepts and maps their impacts. Written by one of India's most respected lawyers, Ten Judgements That Changed India is an authoritative yet accessible read for anyone keen to understand India's legal system and the foundations of our democracy.

With a title that satirically mocks It Takes a Village by Hillary Clinton, It Takes a Revolution: Forget the Scandal Industry! details how our executive, legislative, and judicial branches of government have become thoroughly corrupt and failed the citizenry. Imploring Americans to turn away from the "scandal industry" of the cable news networks, which enrich themselves by magnifying crises-if not creating mass panic to boost ratings and advertising dollars-and offering false hope to lure viewers that there will be justice to remedy government corruption, the author Larry Klayman, both the founder of Judicial Watch and now Freedom Watch, offers concrete solutions for creating a federal judiciary and instituting citizens' grand juries. Quoting Founding Fathers like John Adams and Thomas Jefferson, Klayman explains above all that without ethics, morality, and religion, it will not matter how many times we change our forms of government or rules-there will be no lasting liberty. This work is a call to arms during these times of crises, when government corruption has hit a "cancerous state." The overriding message of It Takes a Revolution: Forget the Scandal Industry! is that Americans should turn off cable news, stop being entertained by it, get up off of the couch, and join the second American Revolution-albeit a peaceful and legal one-to restore the greatness of our nation in these trying and perilous times. Our continued existence hangs in the balance!

Harish Salve failed his CA exam twice. Mukul Rohatgi was unable to secure a place at the Law Faculty, Delhi University. Rohinton Nariman was trained to become a Parsi priest. Legal Eagles examines the lives and times of India's top seven lawyers, who fought some of the country's landmark courtroom battles. Tracing their journey from their childhood days to the present, the book highlights the important milestones of their careers, their victories and failures, their influences, and their work ethic and role models, demonstrating that the path to success is paved with determination, grit and challenges. Journalist Indu Bhan gives a ringside view of the most significant case handled by each of these lawyers, including the Vodafone tax case, Coalgate and the 2G spectrum controversy, among others.

'From deep woods to civilization' continues Eastman's captivating autobiographical work after Indian boyhood, telling the story of his years during school and into his life as a doctor. One of the highest educated Indians of his time, through his social work and his writings he was one of the best-known Indians of the early 20th century.
