Emma's autism allows her to see the world inside out and right past the physical scars that Brandon had begun to think would be the only thing the world would ever see. Set in Dallas, Texas, this is a Contemporary Romance series with BDSM elements and mature, atypical themes, including physical disfigurement, Autism, and OCD. Each book will be a complete story, no cliffhangers. Brandon To say that I'm ugly is like saying a cemetery is quiet. Okay, maybe parts of me are attractive, sure. I'd gotten more than my share of second, hungry glances from women at clubs. Then I'd turn to the other side and they'd get a nice big glimpse of Quasimodo. Only the desperately drunk or the 'I can fix you' chicks took a third look. Not Emma, though. She looked right at my scars and didn't miss a beat. The typical stares from folks noticing my face just blend into the background noise as I try to comprehend this odd little woman. She's still and quiet, clutching her teddy bear like it's nobody's business. And maybe it's not. Maybe least of all mine. Emma The guy walking in front of me is seriously massive. I'd heard that everything is bigger in Texas, but this is absolutely ridiculous. There's also the matter of his face. He has me both ready to swoon and run screaming in the same crazy second. I'm still not sure which of those options my body has decided on. I think the jury is still out on a lot of things to do with my current state of affairs. I wish I could talk the way that I think instead of stammering through life like a little girl who holds onto a damn teddy bear and continues to obsess over the color pink. I can't, though. My brain just doesn't work that way. His gentle brown eyes put me at ease for some reason I haven't quite worked out yet, and I really want to know his story.

A modern Hades and Persephone retelling ... My name is Sebastian Lindstrom, and I'm the villain of this story. Don't mistake this for a confession. I neither seek forgiveness nor would I accept it. My sins are my own. They keep me company. Instead, this is the true tale of how I found her, how I stole her, and how I lost her. She was a damsel, one who already had her white knight. But every fairy tale has a villain, someone waiting in the wings to rip it all down. A scoundrel who will set the world on fire if that means he gets what he wants. That's me. I'm the bad guy.

Listening to Killers offers an inside look at twenty years' worth of murder files from Dr. James Garbarino, a leading expert psychological witness who listens to killers so that he can testify in court. The author offers detailed accounts of how killers travel a path that leads from childhood innocence to lethal violence in adolescence or adulthood. He places the emotional and moral damage of each individual killer within a larger scientific framework of social, psychological, anthropological, and biological research on human development. By linking individual cases to broad social and cultural issues and illustrating the social toxicity and unresolved trauma that drive some people to kill, Dr. Garbarino highlights the humanity we share with killers and the role of understanding and empathy in breaking the cycle of violence.
