The Thematic Catalogue of the Musical Works of Johana Pachelbel provides scholars and performers with a survey of the breadth and variety of the repertoire of the composer described by Christoph Wolff as "one of the most seminal and influential musicians of the pre-Bach generation in Germany." Pachelbel composed the majority of his 527 works for keyboard instruments, as well as choral, vocal, and chamber music, and this Thematic Catalogue presents incipits for those that can be identified. The list of works is intended to determine the totality of the corpus and knowledge about it, establish the best means of identifying each work, and settle problems of identity among similarly titled works. An essay on authorities examines the controversies over the authenticity of Pachelbel's manuscripts. Meticulously compiled with copious notes and comments, this unique volume will be invaluable to those already familiar with Pachelbel's compositions and will create new interest among those who were aware only of the universally loved canon movement of his Canon and Gigue in D.

An intermediate Marimba solo by Johan Pachelbel and arranged by Nicholas Papador.

Ruth Elaine Schram's inspired pairing of Bob Kilpatrick's contemporary hymn with Pachelbel's beloved "Canon in D" creates a lyric, pastoral setting that is perfect for celebrating the Christian family at home and in worship during any time of year. Flexibly conceived, this piece is easy to prepare for SATB or Two-part Mixed choirs and includes optional parts for congregational participation.

This second edition of Lester's Catalog combines in one volume the listings from the first catalog with the voluminous material that has appeared since 1973, more than doubling the number of citations. It is designed as an aid for the church musician and/or pastor seeking to plan unified worship services. It will also be of use to those church musicians who follow the liturgical calendar and plan music appropriate to the appointed lessons, as well as a source for non-church choir directors who would like to locate choral settings based on a particular passage from Scripture. Entries are arranged from Genesis through Revelation. Each main entry citation provides the biblical reference (book, chapter, and verse), as well as a reference to additional passages from Scripture used in the anthem. The composer, arranger, or editor and the title are listed as they appear on the octavo. Information on voicing, solos, and instrumental accompaniment is noted; the name of the publisher, the most recent date of publication and the octavo number appear at the end of each citation, where information on instrumental parts, other versions of the same title, and collections where the work might appear are also listed. Composer and title indexes round off the work.

This comprehensive resource offers a wealth of tools and techniques for administering junior and senior high school choruses, conducting the choral score, developing students' choral musicianship, and planning successful rehearsals and performances.

Illustrates the award-winning song about each person's responsibility to help bring about world peace. Includes a history of the song and biographical notes on the husband and wife songwriting team.

A comprehensive text which explores the foundation, principles, methods, administration and organization involved in teaching choral music to adolescents. It applies the history, philosophy and psychology of music to the teaching of choral music and includes study projects for each chapter.
