Eat Unprocessed Foods as Often as Possible Your diet should consist of vegetables, fruit, lean meats like chicken and ground turkey, and grains. Make sure to give yourself a break, though, whether that's a little bit of dessert one night, a splurge brunch with your friends on the weekend, or indulging in your favorite take-out every couple of weeks.

How to Live a Healthy Lifestyle in 12 Simple Steps

This simple diet is not really anything more than the diet that our bodies have evolved to need. Our teeth, stomach, and intestines have evolved to eat plant matter and meat. We were NOT made to drink soda, eat cookies, or eat pizza. The health benefits of following our natural human diet are real.

Eat Better, Live Longer: Understand What Your Body Needs ...

The other end of the spectrum I call "Living to Eat." It is composed of people we categorize as emotional eaters, or people who also have one or more of these excuses: "I don't have time/energy/budget to eat what will feel best or do good for my body, so I just reach for what my compulsion wants and or my time/budget allows.

Are you Eating to Live or Living to Eat? There's a Better ...

This radical approach to weight loss really is as simple as it sounds. You eat normally for five days a week, then for just two days you cut your calorie intake (600 for men, 500 for women). In this fully revised edition, Michael Mosley introduces the science behind the diet, with exciting new research into the wider health benefits of intermittent fasting including studies on asthma, eczema and diabetes.
