The 2020 UNODC Global Report on Trafficking in Persons is the fifth of its kind mandated by the General Assembly through the 2010 United Nations Global Plan of Action to Combat Trafficking in Persons. It covers more than 130 countries and provides an overview of patterns and flows of trafficking in persons at global, regional and national levels, based primarily on trafficking cases detected between 2017 and 2019. As UNODC has been systematically collecting data on trafficking in persons for more than a decade, trend information is presented for a broad range of indicators.

As the debate about whether the internet is safe for children rages, The State of the World's Children 2017: Children in a Digital World discusses how digital access can be a game changer for children or yet another dividing line. The report represents the first comprehensive look from UNICEF at the different ways digital technology is affecting children, identifying dangers as well as opportunities. It makes a clear call to governments, the digital technology sector and telecom industries to level the digital playing field for children by creating policies, practices and products that can help children harness digital opportunities and protect them from harm.

In today 's culture, media outlets have as much influence on the general public as ever. Migration is an issue that has sparked commentary throughout the globe, leading to many dissimilar viewpoints. These news systems have the ability to convey mass messages regarding these disputes, which could lead to a wide range of socio-cultural implications depending on the intent and nature of these reports. The Handbook of Research on the Global Impact of Media on Migration Issues provides emerging research exploring the theoretical and practical aspects of media structures and implications of media institutions tackling migration issues and related problems. Featuring coverage on a broad range of topics such as human trafficking, global peace, and modern slavery, this book is ideally designed for reporters, journalists, policymakers, government officials, communication specialists, industry professionals, students, and scholars seeking current research on the modern development of migration.

UNICEF uses the term 'child protection' to refer to preventing and responding to violence and abuse against children - including commercial sexual exploitation, trafficking, child labour and such harmful traditional practices as female genital mutilation and child marriage. This booklet comprises 14 information sheets which highlight how child protection is crucial to the achievement of the Millennium Development Goals. Covering different forms of abuse, these sheets also outline how to build a protective environment for children and what UNICEF is doing on the ground to protect children.

This book presents a case study of human trafficking from Nigeria to the UK, with a focus on practical measures for ending this trafficking. The study addresses the many aspects of human trafficking, including sexual exploitation, domestic servitude, labor exploitation, benefit fraud, and organ harvesting. Despite the huge investment of the international community to eradicate it, this form of modern day slavery continues, and the author urges stakeholders to focus not only on criminals but also on attitudes, cultures, laws and policies that hinder the eradication of modern slavery.

This convention aims to prevent the sexual exploitation and sexual abuse of children, protect child victims of sexual offences and prosecute perpetrators. With an emphasis on respecting the rights of children and keeping their best interests in the forefront, the convention covers preventive measures; criminal offences, including several entirely new offences, such as "child grooming"; protective measures and assistance to child victims and their families; "child-friendly" procedures for investigation and prosecution which are adapted to children's special needs; intervention programmes or measures for child sex offenders; recording and storing of data on convicted sex offenders; international co-operation and a monitoring mechanism.

While cities have long been associated with employment, development and economic growth, hundreds of millions of children in the world's urban areas are growing up amid scarcity and deprivation. This publication presents the hardships these children face as violations of their rights, as well as impediments to fulfilling the Millennium Development Goals. It examines major phenomena shaping the lives of children in urban settings, including migration, economic shocks and acute disaster risk. It also provides examples of efforts to improve the urban realities that children confront and identifies broad policy actions that should be included in any strategy to reach excluded children and foster equity in urban settings driven by disparity.
