It's the end of the world and few are worthy of passage to heaven, not even the Pope. God leaves behind Saint Michael, to act as a guardian for the humans. He fails, and is held captive by Lucifer. God enlists the aide of the Pope to rescue Michael, and leaves his son, Jesus H Christ to assist him in his quest. This volume is presented in color.

In the executive offices of the four major networks, sweeping changes are taking place and billions of dollars are at stake. Now Bill Carter, bestselling author of *The Late Shift*, goes behind the scenes to reveal the inner workings of the television industry, capturing the true portraits of the larger-than-life moguls and stars who make it such a cutthroat business. In a time of sweeping media change, the four major networks struggle for the attention of American viewers increasingly distracted by cable, video games, and the Internet. Behind boardroom doors, tempers flare in the search for hit shows, which often get on the air purely by accident. The fierce competition creates a pressure-cooker environment where anything can happen . . . NBC ' s fall from grace—Once the undisputed king of prime time, NBC plunged from first place to last place in the ratings in the course of a single season. What will be the price of that collapse—and who will pay it? CBS ' s slow and steady race to the top—Unlike NBC, CBS, under the leadership of CEO, Leslie Moonves, engineered one of the most spectacular turnarounds in television history. But in this ruthless world, you ' re only as good as last week ' s ratings . . . ABC ' s surprising resurrection—*Lost* and *Desperate Housewives*—have brought ABC the kind of success it could only dream of in the past. So why don ' t the executives responsible for those hits work there any more? *The End of the News As We Know It*—In a stunningly short period of time, all three of the major network news anchors—Dan Rather, Tom Brokaw, and Peter Jennings—signed off, leaving executives scrambling for a way to keep network news relevant in an era of 24/7 information. *Crazy Like Fox*—They ' re outrageous, unconventional, and occasionally off-putting, but more and more people are watching Fox shows. Most of all they keep watching *American Idol*. How did Simon Cowell snooker himself into a huge payday? Stay tuned . . .

In Seattle's undead circles, populated by werewolves, devils, and rampaging yetis, Amanda Feral is one of the beautiful zombies. But to maintain her stylish rep, Amanda needs cash. The quickest way: appear on the reality show, *American Minions*, hosted by lecherous wood nymph Johnny Birch. Soon, Amanda moves in to "Minions Mansion," crowded with immortal fame whores. But even the 24-7 video cameras can't catch everything. . . When Johnny is found incinerated, Amanda channels her inner Miss Marple (minus the fugly cardigans) to find the culprit. Was it Hairy Sue, the white trash stripper yeti? Tanesha, the glamorous trannie werewolf? Angie, the Filipino vampire with a detachable head? Unveiling the killer in a heart-stopping finale won't just save the show from cancellation, it might just keep Amanda alive-or as close as a ghoulish can get. . . "Sexy, funny, and twisted. You've never read anything like this!" --Richelle Mead, #1 New York Times bestselling author on *Happy Hour of the Damned*

When Herbert Muskie, a.k.a. The Fat Man, catches skinny, hungry Colin Poter stealing a candy bar, he forces Colin to become his partner in crime, swiftly

ensnaring and threatening the rest of Colin's family, in a psychological thriller about power and vengeance.

A runaway train is racing toward five men who are tied to the track. Unless the train is stopped, it will inevitably kill all five men. You are standing on a footbridge looking down on the unfolding disaster. However, a fat man, a stranger, is standing next to you: if you push him off the bridge, he will topple onto the line and, although he will die, his chunky body will stop the train, saving five lives. Would you kill the fat man? The question may seem bizarre. But it's one variation of a puzzle that has baffled moral philosophers for almost half a century and that more recently has come to preoccupy neuroscientists, psychologists, and other thinkers as well. In this book, David Edmonds, coauthor of the best-selling Wittgenstein's Poker, tells the riveting story of why and how philosophers have struggled with this ethical dilemma, sometimes called the trolley problem. In the process, he provides an entertaining and informative tour through the history of moral philosophy. Most people feel it's wrong to kill the fat man. But why? After all, in taking one life you could save five. As Edmonds shows, answering the question is far more complex--and important--than it first appears. In fact, how we answer it tells us a great deal about right and wrong.

He is the epitome of health or a walking time bomb. He is oversexed or sexless. He is jolly or hiding the tears of a clown. He is the picture of wealth and plenty or the bloated, malnourished emblem of poverty. He is the fat man, a cultural icon, a social enigma, a pressing medical issue, and he is the subject of this remarkably rich book. The figures that Sander L. Gilman considers, from the ugly fat man with the beautiful sylph trapped inside to the smart fat boy to the aging body desirous of rejuvenation, appear and reappear in different guises throughout Western culture. And as is often true of marginal cases, they serve to define the shifting center of our dreams and beliefs. A tentative exploration in the world of male body fantasies, Gilman's book asks how the representation of the fat man alters with time and alters how men relate to their own bodies and the bodies of others, both men and women. His examples, ranging from Santa Claus to Sancho Panza, from Falstaff to Babe Ruth, from Nero Wolfe to Al Roker, illustrate the complexity perennially associated with fat men. From discourses about normality to the playing fields of baseball, from Greek male beauty to the fat detective, Gilman's book examines and illuminates how cultures have imagined and portrayed the fat boy.
