This syllabus describes the intended learning objectives and assessment for Natural Science and Health Education in the Senior Primary level. As a subject Natural Science and Health Education is within the natural scientific area of learning in the national curriculum, but has thematic links to other subjects across the curriculum.

MINISTRY OF EDUCATION, ARTS AND CULTURE

SCIENCE is a way of learning about what is in the natural world, how the natural world works, and how the natural world became to be the way it is. Science relies on testing ideas with evidence gathered from the natural world. Science can lead to technological advances, as well as helping us learn about enormously important and useful topics, such as our health, the environment, and natural ...
