### History Of The Peninsular War

The Peninsular War (1807–1814) was the military conflict fought by Spain and Portugal, assisted by the United Kingdom, against the invading and occupying forces of France for control of the Iberian Peninsula during the Napoleonic Wars. In Spain, it is considered to overlap with the Spanish War of Independence. The war began when the French and Spanish armies invaded and occupied Portugal in ...

Independence”), (1808–14), that part of the Napoleonic Wars fought in the Iberian Peninsula, where the French were opposed by British, Spanish, and Portuguese forces. Napoleon’s peninsula struggle contributed considerably to his eventual downfall; but until 1813 the conflict in Spain and Portugal, though costly, exercised only an indirect effect upon the progress of French affairs in central and eastern Europe.

A history of the Peninsular War : Oman, Charles William ...

The Peninsular War in Spain and Portugal was the most bitterly fought contest of nineteenth-century Europe. From 1808 to 1814, Spanish regulars and guerrillas, along with British forces led by Sir John Moore and the duke of Wellington, battled Napoleon's troops across the length and breadth of the Iberian Peninsula.

## Volume 2

At the end of the 18th century Spain remained one of the world's most powerful empires. Portugal, too, was prosperous at the time. By 1808, everything had changed. Portugal was under occupation and ravaged by famine, disease, economic problems and political instability. Spain had imploded and worse was to come. For the next six years, the peninsula was the helpless victim of others, suffering perhaps over a million deaths while troops from all over Europe tore it to pieces. Charles Esdaile's brilliant new history of the conflict makes plain the scope of the tragedy and its far-reaching effects, especially the poisonous legacy that produced the Spanish civil war of 1936-9.

## Volume 2

Illustrated with 18 maps and illustrations The 1807-14 war in the Iberian Peninsula was one of the most significant and influential campaigns of the Napoleonic Wars. Arising from Napoleon's strategic need to impose his rule over Portugal and Spain, it evolved into a constant drain on his resources. Sir Charles Oman's seven-volume history of the campaign is an unrivalled and essential work. His extensive use and analysis of French, Spanish, Portuguese and British participants' accounts and archival material, together with his own inspection of the battlefields, provides a comprehensive and balanced account of this most important episode in Napoleonic military history. Between August 1813 and the end of hostilities in April 1814, Napoleon's forces were finally expelled from the Iberian Peninsula. Wellington's army invaded southern France, only

## Volume 2

halting its operations when news was received of Napoleon's abdication. The events covered in this volume include the British siege and capture of St Sebastian; the final campaigning in eastern Spain; Wellington's invasion of France; and the last actions of the war in the Battle of Toulouse and the French sortie from Bayonne. A chapter on the place of the Peninsular War in history concludes Oman's monumental work.

Sir Charles Oman's monumental study is unquestionably the most complete and readable account of the Peninsular War ever written; it is also breathtaking in its scope and detail. The seven volumes chart the course of the war, from its opening shots in 1807, to the final expulsion of the French from Spain and invasion of France in 1814.

## Volume 2

Though pressed many times to write about his battles and campaigns, the Duke of Wellington always replied that people should refer to his published dispatches, and he refused to add further to his official correspondence, famously remarking that: ‘The history of a battle, is not unlike the history of a ball. Some individuals may recollect all the little events of which the great result is the battle won or lost, but no individual can recollect the order in which, or the exact moment at which, they occurred, which makes all the difference as to their value or importance.’ Yet Wellington did, in effect, write a history of the Peninsular War in the form of four lengthy memoranda, summarizing the conduct of the war in 1809, 1810 and 1811 respectively. These lengthy accounts demonstrate Wellington’s unmatched appreciation of the

nature of the war in Spain and Portugal, and relate to the operations of the French and Spanish forces as well as the Anglo-Portuguese army under his command. Unlike personal diaries or journals written by individual soldiers, with their inevitably limited knowledge, Wellington was in an unparalleled position to provide a comprehensive overview of the war. Equally, the memoranda were written as the war unfolded, not tainted with the knowledge of hindsight, providing a unique contemporaneous commentary. Brought together by renowned historian Stuart Reid with reports and key dispatches from the other years of the campaign, the result is the story of the Peninsular War told through the writings of the man who knew and understood the conflict in Iberia better than any other. These memoranda and dispatches have never been published before in a single connected narrative. Therefore, Wellington's
