St. Louis area book stores ask consumers to remember them during the holiday shopping seasonHushed-Movie trailer 2020 Book Bracket Battle - Please Please the Bees by Gerald Kelley Hushed Kelley York Kelley York creates a bad guy - there are no illusions about how messed up Archer is - and portrays him in a way that we find ourselves loving him and only wanting good things for him.

Hushed by Kelley York - Goodreads
"A brilliantly transgressive YA novel. ... I also love how the novel doesn't hesitate to explore the trenches of the human mind that all of us are afraid to explore. It's ironic that the novel is called Hushed, yet it has so much to say." - Angel D. Matos, Doctoral student in English at the University of Notre Dame

Kelley resides off the coast of Northern California with her wife, teenager, a German Shepherd, a handful of cats and rats. In addition to writing, she has her A.S. in Anthropology, and is a graphic designer with a specialty in book cover design. She spends her spare time playing video games and tabletop games like the nerd she is.

Hushed by Kelley York
Hushed by Kelley York is a New Adult Thriller/MM Romance! I've seen a lot of people call it YA, but Archer and Evan are in college (as are all the major characters) and it's published by Entangled's Embrace line (which is a New Adult line). So just clearing that up.

Hushed by Kelley York A new adult novel from Entangled's Embrace imprint... He's loved her. Killed for her. Yet he may not be able to save her. Eighteen-year-old Archer couldn't protect his best friend, Vivian, from what happened when they were kids. Since then, he's never stopped trying to shelter her from everything else. It doesn't matter that Vivian only uses him when skipping from one toxic relationship to another. Archer is always there, reeled in and tossed out, waiting to be noticed. Then Evan Bishop breezes into town with a warm smile and calming touch, and Archer can't deny his attraction to him. Evan is the only person who keeps him around without a single string attached. And the harder Archer falls for Evan, the more he sees Vivian for the manipulative hot-mess she really is. But Viv has her hooks in deep, and once she finds out Archer's dark secret, she threatens to expose the truth if she doesn't get what she wants. And what she wants is for him to end his relationship with Evan...permanently.

Made of Stars by Kelley York When eighteen-year-old Hunter Jackson and his half sister, Ashlin, return to their dad's for the first winter in years, they expect everything to be just like the warmer months they'd spent there as kids. And it is—at first. But Chance, the charismatic and adventurous boy who made their summers epic, is harboring deep secrets. Secrets that are quickly spiraling into something else entirely. The reason they've never met Chance's parents or seen his home is becoming clearer. And what the siblings used to think of as Chance's quirks—the outrageous stories, his clinginess, his dangerous impulsiveness—are now warning signs that something is seriously off. Then someone turns up with a bullet to the head, and all eyes shift to Chance's family. Hunter and Ashlin know Chance is innocent...they just have to prove it. But how can they protect the boy they both love when they can't trust a word Chance says?

Vic Howard never wanted to go to the party. He's the Invisible Guy at school, a special kind of hell for quiet, nice guys. But because his best friend is as popular as Vic is ignored, he went... And wished he hadn't. Because something happened to a girl that night. Something terrible, unimaginable, and Callie Wheeler's life will never be the same. Plus, now Callie has told the police that Vic is responsible. Suddenly, Invisible Vic is painfullyvisible, on trial both literally, with the police, and figuratively, with the angry kids at school. As the whispers and violence escalate, he becomes determined to clear his name, even if it means an uneasy alliance with Callie's best friend, the beautiful but aloof Autumn Dixon. But as Autumn and Vic slowly peel back the layers of what happened at the party, they realize that while the truth can set Vic free, it can also shatter everything he thought he knew about his life...

Vincent has spent his entire life being shuffled from one foster home to the next. His grades suck. Making friends? Out of the question thanks to his nervous breakdowns and unpredictable moods. Still, Vince thought when Maggie Atkins took him in, he might've finally found a place to get his life--and his issues--in order. When Maggie dies, it all falls apart. A year ago, Vince watched a girl leap to her death off a bridge. He's starting to think she had the right idea. Through a pro-suicide forum, Vince meets others with the same debate regarding death: cancer-ridden Casper would rather off herself than slowly waste away, and there's quiet, withdrawn Adam, whose mother wouldn't notice if he fell off the face of the planet. As they gravitate toward each other, Vince searches for a reason to live while coping without Maggie, coming to terms with Casper's imminent death, and falling in love with a boy who doesn't plan on sticking around.

According to Japanese legend, folding a thousand paper cranes will grant you healing. Evelyn Abel will fold two thousand if it will bring Luc back to her. Luc Argent has always been intimately acquainted with death. After a car crash got him a second chance at life—via someone else’s transplanted heart—he tried to embrace it. He truly did. But he always knew death could be right around the corner again. And now it is. Sick of hospitals and tired of transplants, Luc is ready to let his failing heart give out, ready to give up. A road trip to Oregon—where death with dignity is legal—is his answer. But along for the ride is his best friend, Evelyn. And she’s not giving up so easily. A thousand miles, a handful of roadside attractions, and one life-altering kiss later, Evelyn’s fallen, and Luc’s heart is full. But is it enough to save him? Evelyn’s betting her heart, her life, that it can be. Right down to the thousandth paper crane.

All London Noble wanted out of her senior year of high school was anonymity. The complete opposite of Jasmine, her emotionally unstable baby sister, London has worked hard to stay out of the spotlight. Then she discovers that Wade, one of the most popular guys in school, is gay like her and their new-found closeness based around their shared secret has half the student body convinced they're hooking up...and a lot of girls aren't happy about it. Now she's been dubbed "Dirty London." Rumors are flying about her inability to keep her clothes on, and London is pretty sure she's developing a crush on the one girl who sees through it all. If she could admit why stealing boyfriends is the last thing on her mind-not to mention find out what's going on with Jasmine and her rapidly disappearing psych medications-her life would be a much brighter place. But if her and Wade's truth gets out, and if she doesn't find a way to help her sister, London faces losing a lot more than her obscurity.

IDEO founder and Stanford d.school creator David Kelley and his brother Tom Kelley, IDEO partner and the author of the bestselling The Art of Innovation, have written a powerful and compelling book on unleashing the creativity that lies within each and every one of us. Too often, companies and individuals assume that creativity and innovation are the domain of the "creative types." But two of the leading experts in innovation, design, and creativity on the planet show us that each and every one of us is creative. In an incredibly entertaining and inspiring narrative that draws on countless stories from their work at IDEO, the Stanford d.school, and with many of the world's top companies, David and Tom Kelley identify the principles and strategies that will allow us to tap into our creative potential in our work lives, and in our personal lives, and allow us to innovate in terms of how we approach and solve problems. It is a book that will help each of us be more productive and successful in our lives and in our careers.

James Spencer is hardly the typical troubled youth who ends up at Whisperwood School for Boys. Instead of hating the strict schedules and tight oversight by staff, James blossoms, quickly making friends, indulging in his love of writing, and contemplating the merits of sneaking love poems to the elusive and aloof William Esher.The rumours about William’s sexuality and opium reliance are prime gossip material amongst the third years...rumours that only further pique James’ curiosity to uncover what William is really like beneath all that emotional armor. And, when the normally collected William stumbles in one night, shaken and ranting of ghosts, James is the only one who believes him.James himself has heard the nails dragging down his bedroom door and the sobs echoing in the halls at night. He knows others have, too, even if no one will admit it. The staff refuses to entertain such ridiculous tales, and punishment awaits anyone who brings it up.Their fervent denial and the disappearance of students only furthers James’ determination to find out what secrets Whisperwood is hiding...especially if it prevents William and himself from becoming the next victims.

Made of Stars by Kelley York When eighteen-year-old Hunter Jackson and his half sister, Ashlin, return to their dad's for the first winter in years, they expect everything to be just like the warmer months they'd spent there as kids. And it is—at first. But Chance, the charismatic and adventurous boy who made their summers epic, is harboring deep secrets. Secrets that are quickly spiraling into something else entirely. The reason they've never met Chance's parents or seen his home is becoming clearer. And what the siblings used to think of as Chance's quirks—the outrageous stories, his clinginess, his dangerous impulsiveness—are now warning signs that something is seriously off. Then someone turns up with a bullet to the head, and all eyes shift to Chance's family. Hunter and Ashlin know Chance is innocent...they just have to prove it. But how can they protect the boy they both love when they can't trust a word Chance says?

Ivan and his family moved in with their grandpa in order to rally around his sick little brother, Eli, as he went through treatment. It's not a bad change; Ivan and Eli love to sit outside and listen to the wolves howling from the woods. It's calming. At least, until Eli disappears from his bed to go looking for them. Chasing after his brother brings Ivan face-to-face with a strange, wild, beautiful boy living in the forest with the wolves...and nothing will ever be the same. Part of Take A Chance Anthology
