Performance-based Navigation (PBN) Manual

This manual identifies the relationship between RNAV and RNP applications and the advantages and limitations of choosing one or the other as the navigation requirement for an airspace concept. It also aims at providing practical guidance to States, ANSPs and airspace users on how to implement RNAV and RNP applications, and how to ensure that the performance requirements are appropriate for the ...

Performance Based Navigation (PBN) Manual (Doc 9613) - ICAO

Where analysis identifies that a new standard is needed, the manual identifies the steps required for the establishment of such a new standard. It identifies a means by which, through the auspices of ICAO, unnecessary proliferation of standards can be avoided. Performance-based Navigation (PBN) terminology
