Over twenty years ago, Godine published the first English translation of Georges Perec's masterpiece, *Life A User's Manual*, hailed by the *Times Literary Supplement*, *Boston Globe*, and others as "one of the great novels of the century." We are now proud to announce a newly revised twentieth-anniversary edition of this classic. Structured around a single moment in time - 8:00 PM on June 23, 1975 - Perec's spellbinding puzzle begins in an apartment block in the XVIIth arrondissement of Paris where, chapter by chapter, room by room, the extraordinarily rich life of its inhabitants is marvelously revealed.

Bartolo da Sassoferrato (1314-57) is considered the preeminent jurist of the late Middle Ages, & his *DE INSIGNIIS ET ARMIS* is hailed as the foundational treatment of the heraldic arms & insignia central to the proper ranking of late medieval & early modern aristocracies. It quickly became an authoritative & influential source for all later works on heraldic questions & is still cited in contemporary manuals. The tract also includes a groundbreaking discussion of the use, ownership, & transfer of trademarks. Attacked by humanists as an example of barbaric Latinity, the tract was subjected to a notorious assault by Lorenzo Valla. The authors provide not only a reliable critical edition & first English translation of the tract, as well as a translation of Valla's polemic, but also a challenging & engaging reassessment of its composition, contents, historical context, & reception. This meticulously crafted volume is essential reading for students of the Italian city-states, art history, legal history, & heraldry. \$30.00 HARDCOVER, 200 PAGES, ILLUSTRATED. To order this book, write to: Robbins Collection Publications, Boalt Hall, School of Law, University of California at Berkeley, Berkeley, CA 94720-2499. Phone: (510) 642-3064, FAX: (510) 643-8770.

TRB's National Cooperative Highway Research Program (NCHRP) Report 672: *Roundabouts: An Informational Guide - Second Edition* explores the planning, design, construction, maintenance, and operation of roundabouts. The report also addresses issues that may be useful in helping to explain the trade-offs associated with roundabouts. This report updates the U.S. Federal Highway Administration's *Roundabouts: An Informational Guide*, based on experience gained in the United States since that guide was published in 2000.
