DISCLAIMER: This is NOT the official position of Siemens PLM Software. I currently have 12 versions of UG/NX, from UG V16.0 to NX 8.0, on my laptop which is running Windows 7.Granted, except for the last few instances such as NX 6.0 thru NX 8.0, these were NOT actually 'installed' but rather simply copied from my old Windows XP laptop, however, despite that, they all seem to work just fine.
