The manual contains engineering flow diagrams and process requirements for all major fertilizer processes including ammonia, urea, phosphates, potassium products and many others. Environmental considerations are addressed clearly. Equally important, the manual includes chapters on fertilizer use, production and distribution economics, raw materials, and the status of the fertilizer industry with demand-supply projections.

Fertilizer International - BCInsight
This Fertilizer Manual was prepared by the International Fertilizer Development Center (IFDC) as a joint project with the United Nations Industrial Development Organi zation (UNIDO). It is designed to replace the UN Fertilizer Manual published in 1967 and intended to be a reference source on fertilizer production technology and economics and fertilizer industry planning for developing countries.

Fertilizer Manual Europe - trumpetmaster.com
Going forward, The International Fertilizer Association (IFA) forecasts nitrogen fertilizer demand growth at 1.1% per year through 2021. A growth rate of 1.6% a year is estimated for phosphate and 2.2% for potassium. A higher growth rate is forecasted for urea, since most new N-capacity additions are in the form of urea.
