The Clarendon Law Series provides general introductions to various fields of law and legal theory. The volumes are primarily designed for law students, but also intended to be accessible to students of history, philosophy, economics, and other social sciences, as well as the general reader. Each book in the series will open up wider perspectives which will make detailed study of the law more rewarding.

~~Clarendon Law Series — Oxford University Press~~

Vaughan Lowe. Clarendon Law Series. Description. Of all legal subjects, international law is at once the most richly varied and arguably the least understood, even by lawyers. For the past two decades it has been the focus of intense analysis by legal philosophers, international relations specialists, linguists, professional lawyers, historians, economists, and political scientists, as well as those who study, teach, and practice the discipline.
