Juvenile Justice: An Introduction, 8th edition, presents a comprehensive picture of juvenile offending, delinquency theories, and how juvenile justice actors and agencies react to delinquency. It covers the history and development of the juvenile justice system and the unique issues related to juveniles, offering evidence-based suggestions for successful interventions and treatment and examining the new balance model of juvenile court. This new edition not only includes the latest available statistics on juvenile crime and victimization, drug use, court processing, and corrections, but provides insightful analysis of recent developments, such as those related to the use of probation supervision fees; responses to gangs and cyber bullying; implementing the deterrence model (Project Hope); the possible impact of drug legalization; the school-to-prison pipeline; the extent of victimization and mental illness in institutions; and implications of major court decisions regarding juveniles, such as Life Without Parole (LWOP) for juveniles. Each chapter enhances student understanding with Key Terms, a "What You Need to Know" section highlighting important points, and Discussion Questions. Links at key points in the text show students where they can go to get the latest information, and a comprehensive glossary aids comprehension.

Juvenile Justice: An Introduction is a student-friendly analysis of all aspects of the juvenile justice system. The book covers the history and development of the juvenile justice system and the unique issues related to juveniles, including police interaction, court processes, due process, movements toward diversion and deinstitutionalization, and community intervention. This book also examines particular issues within juvenile justice, such as female delinquency, gang delinquency, and the use of the death penalty and Life Without Parole with juveniles. Evidence-based suggestions for successful interventions and treatment are included, with a focus on performing cost-benefit analyses of what works versus what is ineffective with juveniles. The book concludes with a look to the future of the juvenile court, including the real possibility of abolition. Provides an engaging introduction to all aspects of the juvenile justice system in America. This seventh edition builds on a trusted and well-known textbook with new material on key issues such as sexting, bullying, social media, and the issues of non-delinquent youths. Robust offerings for students include study questions, discussion questions, "What You Need to Know" sections in each chapter, key terms identified, online case study questions, and links to relevant websites. Instructors are provided with helpful test question banks, lesson plans, sample syllabi, PowerPoint lecture slides, and links to useful websites. Glossary consolidates key terms with definitions.

Even though youth crime rates have fallen since the mid-1990s, public fear and political rhetoric over the issue have heightened. The Columbine shootings and other sensational incidents add to the furor. Often overlooked are the underlying problems of child poverty, social disadvantage, and the pitfalls inherent to adolescent decisionmaking that contribute to youth crime. From a policy standpoint, adolescent offenders are caught in the crossfire between nurturance of youth and punishment of criminals, between rehabilitation and "get tough" pronouncements. In the midst of this emotional debate, the National Research Council's Panel on Juvenile Crime steps forward with an authoritative review of the best available data and analysis. Juvenile Crime, Juvenile Justice presents recommendations for addressing the many aspects of America's youth crime problem. This timely release discusses patterns and trends in crimes by children and adolescents—trends revealed by arrest data, victim reports, and other sources; youth crime within general crime; and race and sex disparities. The book explores resistance—the probability that delinquency or criminal activities decrease with age—and evaluates different approaches to predicting future crime rates. Why do young people turn to delinquency? Juvenile Crime, Juvenile Justice presents what we know and what we urgently need to find out about contributing factors, ranging from prenatal care, differences in temperament, and family influences to the role of peer relationships, the impact of the school policies toward delinquency, and the broader influences of the neighborhood and community. Equally important, this book examines a range of solutions: Prevention and intervention efforts directed to individuals, peer groups, and families, as well as day care-, school- and community-based initiatives. Intervention within the juvenile justice system. Role of the police. Processing and detention of youth offenders. Transferring youths to the adult judicial system. Residential placement of juveniles. The book includes background on the American juvenile court system, useful comparisons with the juvenile justice systems of other nations, and other important information for assessing this problem.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. A market-leader, The Juvenile Justice System, 7e, follows a true-to-life focus, capturing the essence of what it means to be part of the juvenile justice system through personality highlights, career snapshots, and personal accounts. The text provides a thorough examination of the juvenile justice system through easy-to-understand descriptions and discussions of policy, practice, and procedure in juvenile justice. It covers the entire process from arrest, intake, and adjudicatory hearings, to dispositions, and aftercare. This includes up-to-date, comprehensive coverage of historical, applied, theoretical, and legal information about the juvenile justice system and juvenile delinquency.

Faculty praised each of the previous six editions of Howard Abadinsky's clear, comprehensive overview of the US legal system. His latest edition—Law, Courts, and Justice in America (previously Law and Justice)—represents a refined, updated synthesis of the complex, fluid justice system in the United States. Part I (Law) describes the history of the US justice system and the emergence of law schools; the realities of a law school education; and the current state of the legal profession for both women and men. Part II (Courts) unravels the structure of federal and state court systems, delineating differences between constitutional and legislative courts and between trial and appellate courts; the structure and purpose of appellate courts; and the Supreme Court, noting variations in the interpretation of statutes, the Constitution, and the original intent of legislators; and the roles of judges, prosecutors, and attorneys. Part III (Justice) demystifies the criminal, civil, and juvenile judicial processes; plea-bargaining and the controversies surrounding it; and adjudication options outside of traditional, adversarial legal venues. Throughout, landmark cases, important historical events, illustrative examples, and boxed items highlight or expand chapter content.

A highly accessible, student-friendly text, JUVENILE JUSTICE, Sixth Edition, offers a practical and comprehensive look at the juvenile justice system. The text explores various programs and processes that exist in today's field, including prevention efforts through school and community-based programs. The Sixth edition features a prestigious new coauthor—John Paul Wright from the University of Cincinnati—and provides a new emphasis on evidence-based practice and other cutting-edge issues such as cyberbullying, school violence, female delinquency, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Corrections in the Community, Sixth Edition, examines the current state of community corrections and proposes an evidence-based approach to making programs more effective. As the U.S. prison system approaches meltdown, options like probation, parole, alternative sentencing, and both residential and non-residential programs in the community continue to grow in importance. This text provides a solid foundation and includes the most salient information available on the broad and dynamic subject of community corrections. Authors Latessa and Smith organize and evaluate the latest data on the assessment of offender risk/need/responsivity and successful methods that continue to improve community supervision and its effects on different types of clients, from the mentally ill to juveniles. This book provides students with a thorough understanding of the theoretical and practical aspects of community corrections and prepares them to evaluate and strengthen these crucial programs. This sixth edition includes a new chapter on specialty drug and other problem-solving courts. Now found in every state, these specialty courts represent a new way to deal with some of the problems that face our citizens, be it substance abuse or reentry to the community from prison. Chapters contain key terms, boxed material, review questions, and recommended readings, and a glossary is provided to clarify important concepts.

A Fully Revised and Updated Edition of the Essential Juvenile Justice Textbook The juvenile justice system is a multifaceted entity that continually changes under the influence of decisions, policies, and laws. Juvenile Justice: A Social, Historical, and Legal Perspective, Fourth Edition is the most comprehensive reference on the juvenile justice system available. Reader-friendly but thorough, the text contains the most up-to-date research on juvenile justice operations and their effectiveness and is authored by two experts in the field. It presents contemporary topics in juvenile justice and situates them within a historical and theoretical context, covering juvenile justice history, the development of the juvenile court in the U.S., and contemporary juvenile justice practice, as well as chapters on status and violent offenders, and working in juvenile justice. Myth v. Reality boxes, FYI boxes, and Comparative Focus boxes provide students with important information, challenge preconceived ideas students may have about juvenile justice practice, critically examine juvenile justice practice, and maintain student interest. The fully revised and updated fourth edition includes the latest statistics and research data, new photos and figures, coverage of contemporary court cases, and new pedagogical features. Ideally suited for undergraduate students in juvenile justice courses, as well as graduate students and professionals seeking a comprehensive juvenile justice reference, Juvenile Justice: A Social,

Historical, and Legal Perspective, Fourth Edition is the leading juvenile justice textbook on the market today.
