For the aficionado of farm equipment, or the scion of an old farming family nostalgic for the old days, or the grown-up boy who still loves a classic piece of old-time machinery, the vintage tractor can be a thrilling find like no other. This book tells dozens of stories of such discoveries, of the treasured old tractor parked in a shed since 1927, of the pristine model unearthed at an estate sale, of the broken-down old beauty stashed in a barn where generations of children have made their secret hideaways. These are the classic tractors that are often as hard to find as a needle in a haystack—but far more fun to discover, as all of these delightful stories make abundantly clear.

Ronney is an introverted young woman with a disgraceful appearance. She lives humbly in one of the poorest neighborhoods of Sheryl Valley, a town corrupted by the mafia in Southern California. With no diploma, she works hard in her parents' restaurant and provides voice-overs for children's animated movies during the weekend. In accordance with a long-standing family tradition, Ronney's twenty-fifth birthday celebration comes with a dare from her cousins: she must knock on the front door of the infamous Khan household. The Khans' reputation precedes them, rumored to be in association with the mafia. But when Ronney knocks on the door, before she has the chance to run, the Khan family matriarch, Camilia, takes an interest in Ronney. Ronney's lack of conventional beauty and disinterest in fashion draws Camilla in, leading her to offer Ronney the position of personal assistant to her eldest son, Yeraz, with a substantial salary at stake. It's an offer Ronney cannot refuse. To keep her job, Ronney's task is simple: do not fall in love with Yeraz. "Easy," she thinks. But what if destiny decides otherwise? Ugly Ronney's a romance in which the heroes enter the gallery of legendary lovers.

France has a unique ability to create beautifully crafted models in sugarpaste, which she's able to break down into simple, achievable steps. Like the sugar dogs, the cats in this book resemble real cats rather than fun cartoon characters, and this will be the book's USP. A variety of cat types are included, such as a Burman, tabby, Siamese and endless variations of the 'moggy' -- not to mention kittens, ginger toms, etc. -- all in various poses (sleeping, playing, etc.) and there's even a tiny sugar mouse and some butterflies. --provided from Amazon.com.

Presents recipes, listed month-by-month to take advantage of seasonal ingredients, and includes information on nutritional content and menu planning
