The updated edition to one of the most popular books on technical analysis Japanese candlestick charting and analysis is one of the most profitable yet underutilized ways to trade the market. Signals created by this unique method of technical analysis-represented in the form of graphic "candlestick" formations-identify the immediate direction and effects of investor sentiment through price movements, allowing traders to profit by spotting trend reversals before other investors. This updated version of Profitable Candlestick Trading: Pinpointing Market Opportunities to Maximize Profits makes learning the method fast and easy by introducing specific patterns, as well as the psychology behind them. The book Details the most valuable aspect of technical analysis-reversal patterns-as well as reversal signals, including the Doji, the Hammer, the Hanging Man, Engulfing Patterns, and Dark Cloud Cover Explains continuation patterns and explores how they can help

with the decision-making process during various trading periods Reveals how to find trading situations that have the maximum potential for profitability, the highest probability of success, and the least amount of risk Learn how to quickly search, view, and profit with candlestick formations with Profitable Candlestick Trading.

Don't conform to Wall Street's rules. Be your own trader—Maverick style. **PROVEN STRATEGIES FOR GENERATING GREATER PROFITS FROM THE AWARD-WINNING TEAM AT MAVERICK TRADING** Wall Street's dirty secret is out—you don't need a professional to manage your money, and you can beat the market on a consistent basis. All that's required are three things: personal dedication, a sound risk management strategy, and the trading system outlined in this book. Yes, it's that simple. As active traders at the private proprietary trading firm Maverick Trading, the authors have taught hundreds of budding traders how to end their relationship with the so-called professionals and trade on their own, using the same system the firm used to generate gains of more than 100% in 2008, 50% in 2009, and 50% in 2010. It's not a get-rich-quick scheme. It's a long-term methodology designed to create steady wealth you can live on, retire on, and pass down to the next generation. Maverick Trading teaches you how to: Design a portfolio using long and short options Read OHLC and Candlestick charts Hedge your investments with options Create a risk-assessment tool kit Mentally prepare yourself for the life of a trader It's not complicated. In the authors' own words, "The system in this book relies on pattern recognition, impeccable risk management, understanding yourself, and fifth-grade math." The hard part is up to you. You have to make the decision to go all in. Full-time. No turning back. Once you do it, you'll wonder what took you so long. Let Maverick Trading put you on the path to the life you were supposed to lead.

Expert instruction on the practical applications of candlestick charting

Read Online Le High Profit Candlestick Patterns Author Stephen

Candlestick charting is more popular than ever before, with a legion of new traders and investors being introduced to the concept by some of today ' s hottest investment gurus. Having introduced the candlestick technique to the West through two of his bestselling books, Steve Nison is regarded as a luminary in the field of candlestick charting. effective technical analysis can identify highly profitable trades.

Technical analysis for today's market, with smarter setups for less risk Candlestick and Pivot Point Trading Triggers +Website makes Pivot Point analysis relevant for today's market, with up-to-date data and new techniques that reflect the current trading environment. Tried-and-true tactics are modernized with new tools and approaches, and novel methodologies are introduced to help you make smarter trades while minimizing risk. Directional options strategies draw on analysis from Thinkorswim, TradeStation and Genesis Software, and are integrated with PPS Indicator and Persons Pivots. Quarterly pivots are introduced for long-term trading opportunities and option strategists, and leveraged and inverse-leveraged ETFs are brought into the detailed discussion on trading vehicles. The author's own proprietary setups have been updated to align with the new trading realities, and the new chapter on volume analysis covers the techniques used in his book Mastering the Stock Market. Combined with the tools and resources featured on the companion website, this book gives you the tools and techniques you need to boost your portfolio's performance. Technical analysis offers more profit opportunities than ever before, but the tools of the trade have changed. This book brings you up to date with the latest, so you can start getting even more out of your trades. Utilize leveraged and inverse-leveraged ETFs Integrate directional options strategies Apply new techniques for volume analysis Implement quarterly pivots for longer-term opportunities The 2006 publications of this book's first edition brought pivot point and candlestick charting into the limelight. The market has undergone massive changes in the past ten years, and many of the most effective techniques have been adjusted and integrated with new tools to become even more effective in today's market. This new second edition of Candlestick and Pivot Point Trading Triggers +Website brings clarity to the current market, and strength to your investment strategy.
