Leadership in Healthcare: Essential Values and Skills ...

In healthcare, leadership is decisive in influencing the quality of care¹ and the performance of hospitals.² How staff are treated significantly influences care provision and organisational performance so understanding how leaders can help ensure staff are cared for, valued, supported and respected is important. Research suggests 'inclusion' is a critical part of the answer.

Leadership in the NHS | BMJ Leader

The Fourth Edition of Leadership in Healthcare responds to the ever-growing importance of leadership to a healthcare professional's role today and includes updated content to reflect the new guidelines set out in the 2018 Nursing and Midwifery Council Standards.

Individual leadership in health services
Effective leaders in health services
emphasise continually that safe, high
quality, compassionate care is the top
priority. They ensure that the voice of
patients is consistently heard at every
level; patient experience, concerns, needs
and feedback (positive and negative) are
consistently attended to.
