A fresh, breakout YA novel that is layered with themes of immigration, cultural identity, and finding your voice in any language. Sixteen-year-old Ana is a poet and a lover of language. Except that since she moved to New Jersey from Argentina, she can barely find the words to express how she feels. At first Ana just wants to return home. Then she meets Harrison, the very cute, very American boy in her math class, and discovers the universal language of racing hearts. But when she begins spending time with Neo, the Greek Cypriot boy from ESL, Ana wonders how figuring out what her heart wants can be even more confusing than the grammar they're both trying to master. After all, the rules of English may be confounding, but there are no rules when it comes to love. With playful and poetic breakouts exploring the idiosyncrasies of the English language, Love in English is witty and effervescent, while telling a beautifully observed story about what it means to become “American.”

siklus lisan dan siklus tulis. Sementara siklus lisan menekankan pengembangan keterampilan menyimak dan berbicara, siklus tulis mengembangkan keterampilan membaca dan menulis. Sesuai dengan prinsip keterpaduan dalam pembelajaran bahasa, kedua siklus tersebut mengembangkan keempat keterampilan berbahasa secara terintegrasi. Selain itu, untuk keperluan pengayaan dan evaluasi, setiap chapter dilengkapi dengan tugas terstruktur berupa evaluasi. Materi dan kegiatan pembelajaran dalam buku ini lebih dikembangkan untuk mendorong terjadinya learning pada diri siswa. Kegiatan-kegiatan belajar dikembangkan untuk menjadikan siswa secara individu, berpasangan, dan kelompok kecil secara aktif belajar bahasa Inggris melalui kegiatan memahami dan menggunakan bahasa Inggris untuk mengekspresikan gagasan dan perasaan secara alami. Guru lebih bertindak sebagai fasilitator, pemberi feedback, dan pendorong siswa agar berani mengekspresikan dirinya dengan tidak mengabaikan pentingnya akurasi berbahasa. Dengan kegiatan-kegiatan pembelajaran dan peran guru yang demikian, siswa terbimbing dan memperoleh fasilitasi dalam berlatih mengekspresikan dirinya sehingga secara bertahap akhirnya mampu berkomunikasi dengan baik.

Discourse and Management offers a unique combination of discourse analysis and critical management studies. Presenting a fresh perspective on organizational discourse, this book twins theoretical insight with hands-on advice on tackling methodological challenges. Packed with real-life examples and case studies, it explains how a critical, language-centred approach can help to explore issues such as identity, persuasion and power. It encourages critical engagement with theories, methods and concepts, providing practical tools for research projects and adaptable skills for self-reflection. • Accessibly written and clearly structured. • Assumes no prior knowledge of linguistics or discourse studies. • Introduces key concepts and methodological tools for approaching discourse analysis from a critical perspective. This is the perfect resource for advanced undergraduate, postgraduate and PhD students of organization and management, as well as researchers interested in adding critical discourse analysis to their repertoire of methods.

Much of this learning occurs informally, through everyday interactions between children, and between children and adults. In fact, it is almost impossible to overstate the role of family, especially parents and grandparents, in nurturing, supporting and influencing young children's language and literacy development. Live, Love and Learn provides an intriguing and highly accessible guide to how young children learn and how you can support their learning. Early childhood academic, mother and grandmother, Laurie Lind Makin, explains the principles of observation and engagement, how to follow and extend children's own interests and how to build their understanding, communication skills and self-confidence. Real-world scenarios, sample dialogue and practical activities all highlight the critical importance of the home environment in enhancing children's capacity to learn. This unique family resource is designed to: provide an overview of literacy learning in the infant and toddler years, the preschool years and the early school years identify key milestones and indicators for concern at each level discuss the vital impact of technology on young children's learning demonstrate how you can create opportunities for language and literacy learning to be integrated into everyday life without 'hot housing' or pressuring children.
