Lectures In Naturopathic Hydrotherapy

Naturopathic Hydrotherapy. Updated On Apr 24, 2015 Published On January 1, 2005 Written By Garrett Swetlikoff, ND natural-medicine.ca. Conventional hydrotherapy is the use of water to treat disorders, usually involving exercises in swimming pools to help arthritic patients. In contrast, naturopathic hydrotherapy uses alternating applications of hot and cold water to specific areas of the body to increase blood flow to underlying organs.

Amazon.com: Customer reviews: Lectures in Naturopathic ...
This course provides an in depth study of Eastern medicine and Naturopathy. It is the only programme, to our knowledge, that combines the four main Eastern medicines and Naturopathy disciplines in one programme. The one year course is written as a continual course and can be taken as a whole or you can cherry pick the individual units. Naturopathy is a blend of many different disciplines that were passed down through the ages.
