If you design some of the most stylish and beautiful modern houses in the Los Angeles area, including many for celebrityclients, how do you ensure that the projects are built to the standards you, and your patrons, demand? If you're the highlysought-after firm of Marmol Radziner + Associates, you do what an increasing number of practices are doing: becomeyour own contractor, building your projects with the same rigor and beauty with which they were designed, and, in theprocess, remake your firm into one of the most visible and successful design-build firms in the country. Praised as "modernist savants" by the New York Times, Marmol Radziner + Associates have redefined the indoor-outdoor California lifestyle made famous by legendary mid-century modernists such as Richard Neutra and Albert Frey. Their multifaceted projects include not only residential, commercial, and institutional buildings but also mid-century modern home restorations, furniture, and prefab home manufacturing. Whether building a Hollywood hideaway that floats ethereally over a lush garden or a childcare center for LAX airport employees, each project embodies the philosophy of the firm by integrating finely crafted details with technically inventive modern spaces. Marmol Radziner + Associates explains in detail how this pioneering design-build firmone of the few led by architectshas managed to integrate buildinginstallation, construction, and fabrication into one seamless design process. Architects Leo Marmol and Ron Radziner give an open and honest account of the inner workings of their award-winning firm. At Dwell, we're staging a minor revolution. We think that it's possible to live in a house or apartment by a bold modern architect, to own furniture and products that are exceptionally well designed, and still be a regular human being. We think that good design is an integral part of real life. And that real life has been conspicuous by its absence in most design and architecture magazines.

Doctor Haydock, the resident GP of St. Mary Mead, hopes to cheer up Miss Marple as she recovers from the flu with a little story. The tale revolves around the return of the prodigal son of Major Laxton, the devilishly handsome Harry Laxton. Harry, after leading a life of childish indiscretions and falling head over heels for the village tobacconist's daughter, has made good and returned to lay claim to his tumbling childhood home and introduce the village to his beautiful new wife. But, the villagers are prone to gossip about young Harry's past, and one person in particular cannot forgive him for tearing down the old house. Will Miss Marple's acumen be up to the task of solving the story?
