New Nrp Guidelines

Updates to neonatal, pediatric resuscitation guidelines based on new evidence. Resuscitation and life support guidelines for neonatal and pediatric patients have been updated to reflect the latest evidence to improve care. Pediatric Basic and Advanced Life Support and Neonatal Resuscitation are parts 4 and 5 of the 2020 American Heart Association Guidelines for Cardiopulmonary Resuscitation and Emergency Cardiovascular Care released Oct. 21 and published in Pediatrics (see resources).

Recent Recommendations in Neonatal Resuscitation 2019 UPDATE

While adult resuscitation
guidelines have moved to CAB,
neonatal resuscitation still follows
the ABCs because most neonates
who need resuscitation require
airway and breathing support,
and less often circulatory support.
The reverse is true in adults.
