From the co-author of Black Mass comes a gripping YA novel based on the true story of a teenage girl ' s murder — and a young father ' s false imprisonment for the crime. On a hot summer night in the late 1980s, in the Boston neighborhood of Roxbury, a fourteen-year-old African-American girl was sitting on a mailbox talking with her friends when she became the innocent victim of gang-related gunfire. Amid public outcry, an immediate manhunt was on to catch the murderer, and a young African-American man was quickly apprehended, charged, and — wrongly — convicted of the crime. Dick Lehr, a former reporter for the Boston Globe ' s famous Spotlight Team who worked on this story three decades ago, brings the case to light once more with Trell, a page-turning novel about the daughter of the imprisoned man, who persuades a reporter and a lawyer to help her prove her father ' s innocence. What pieces of evidence might have been overlooked? Can they manage to get to the truth before a dangerous character from the neighborhood gets to them?

Special Agent in Charge, Grantham "Grant" Greene has become disillusioned with his role in the FBI. He's charged with leading the hunt for a bomber, targeting Women's clinics in Oregon and Washington. With pressures from his boss and his ambitious father, Grant becomes even more discouraged as he works his way through the mire of evidence. His discovery of the actions of a beautiful woman, who has supposedly committed suicide, leads him to believe that, alongside the bombings, he may also be investigating a murder. With the potential for a nationwide political scandal, Grant has just one weekend to uncover the identity of the bomber. As he delves deeper, and tragedy strikes, Grant starts to question his views and wonder if it's possible to fall in love with someone you've never even met.

In this sparkling, page-turning debut, Lucy Green learns that when you make a wish, you don't always get what you want...but you might just get exactly what you need. It ' s the eve of Hollywood publicist Lucy Green ' s thirtieth birthday, a day she hopes will bring the promotion she deserves and a proposal from her boyfriend. But he stands her up for a date, not for the first time, leaving Lucy alone at the bar—or at least, alone with the handsome bartender on the other side of the counter—so she makes a rueful wish over her cocktail for a perfect birthday. But when Lucy ' s wish is granted in the most unexpected way, things go terribly awry, as things often do when wishes come true.... When Lucy wakes up on her big day, she can ' t seem to force herself to go through her rigorous fitness and beauty routines—things she usually tells herself she likes. She has no desire to eat only a spoonful of yogurt for breakfast and she simply can ' t bear to put on the uncomfortable shapewear needed for the power outfit she had planned for work. Then Lucy arrives at the office, and she realizes that not only can she no longer lie to herself, she can ' t lie to anyone else, either. Not her clients, not her boyfriend, not her creep of a boss. Now that she can ' t hide how she feels, Lucy must confront all the injustices—small and large—she ' s faced on a daily basis at work, in her relationship, and in every other aspect of her life...and the truth is going to come out in a big way. This sharp, bighearted, and magical novel tackles all the lies women are encouraged to tell just to get by in today ' s world—in life, in love, and in the workplace—and the liberation that can come from telling nothing but the truth.

The truth, like love, can be elusive, unless you're willing to fight for it. Sparks fly when two top notch attorneys battle each other in the high risk arena of the courtroom, but when a strange turn of events thrusts one of them from the role of advocate to witness, prosecutor Ryan Foster and defense attorney Brett Logan join forces in their search for the truth. Working together they quickly learn their attraction to each other is as strong as their commitment to justice, but courthouse romance is not without complications. Throw in a murder case with bizarre twists and turns, and even the strongest attraction will be put to the test.
