Beauty and the Beast - Wikipedia

3.5 stars to this *Beauty and the Beast* retelling! *The Beasts Heart* is a *Beauty and the Beast* retelling from the Beasts perspective. Set in seventeenth century France, its a magical tale reminiscent of the original. The Beast lives a broken, reclusive existence in his grimy chateau filled with unlikely servants.

---

*The Beast's Heart* by Leife Shallcross - Goodreads

Directed by Bill Condon. With Emma Watson, Dan Stevens, Luke Evans, Josh Gad. A selfish Prince is cursed to become a monster for the rest of his life, unless he learns to fall in love with a beautiful young woman he keeps prisoner.

---

*Beauty and the Beast* (2017) - IMDb

Directed by David Yates. With Eddie Redmayne, Katherine Waterston, Alison Sudol, Dan Fogler. The adventures of writer Newt Scamander in New York's secret community of witches and wizards seventy years before Harry Potter reads his book in school.

---

*Fantastic Beasts and Where to Find Them* (2016) - IMDb

I love *Beauty and the Beast*. It's one of my favorite fairytales. This is a wonderful telling of the story that's loosely based off of Marie Le Prince Beaumont who abridged the story from the original story and novel by Madame de Villeneuve (which I was lucky enough to get to read.)

Amid the lovely roses and razor-sharp thorns, love tangles between beasts and beauties in the romantic tale that transcends time... Five novels retell the classic story of *Beauty and the Beast*, each with its own twist. Meet a dark-elf prince, a dragonian princess, a brooding vigilante, mighty superheroes, and futuristic guards, and watch as Beast meets Beauty, falling in love across fantasy, science fiction, and romantic suspense. Each of these novels is only available as part of this set, so don't miss them: enter the enchanted castle and break the spell today

"Here there be dragons"—this notation was often made on ancient maps to indicate the edges of the known world and what lay beyond. Heroes who ventured there were only as great as the beasts they encountered. This encyclopedia contains more than 2,200 monsters of myth and folklore, who both made life difficult for humans and fought by their side. Entries describe the appearance, behavior, and cultural origin of mythic creatures well-known and obscure, collected from traditions around the world.

All societies around the world and through time value beauty highly. Tracing the evolutions of the Colombian standards of beauty since 1845, Michael Edward Stanfield explores their significance to and symbiotic relationship with violence and inequality in the country. Arguing that beauty holds not only social power but also economic and political power, he positions it as a pacific and inclusive influence in a country "ripped apart by violence, private armies, seizures of land, and abuse of governmental authority, one hoping that female beauty could save it from the ravages of the male beast." One specific means of obscuring those harsh realities is the beauty pageant, of which Colombia has over 300 per year. Stanfield investigates the ways in which these pageants reveal the effects of European modernity and notions of ethnicity on Colombian women, and how beauty for Colombians has become an external representation of order and morality that can counter the pathological effects of violence, inequality, and exclusion in their country.

Three surreal, erotically charged stories from Nobel Prize winner Yasunari Kawabata. In the three long tales in this collection, Yasunari Kawabata examines the boundaries between fantasy and reality in the minds of three lonely men. Piercing examinations of sexuality and human psychology—and works of remarkable subtlety and beauty—these stories showcase one of the twentieth century's great writers—in any language—at his very best.

'One of those rare nights in the theatre when some strange alchemy takes place in the dark and as a shiver runs down your spine and a bubble of laughter rises in your throat, you remember why theatre really matters and can be such a transforming experience.' GuardianIncludes the following dramatisations/stories:Blue BeardThe Husband Who Was to Mind the HouseThe Three WishesBeauty and the BeastThe Emperor's New ClothesToby and the WolfThe Juniper TreeThe Girl and the North WindBeasts and Beauties premiered at the Bristol Old Vic in April 2004.

The “tale as old as time,” in versions from across the centuries and around the world—published to coincide with Disney's live-action 3D musical film starring Emma Watson, Ian McKellen, Ewan McGregor, Audra McDonald, Kevin Kline, Stanley Tucci, Dan Stevens, and Emma Thompson Nearly every culture tells the story of Beauty and the Beast in one fashion or another. From Cupid and Psyche to India's Snake Bride to South Africa's “Story of Five Heads,” the partnering of beasts and beauties, of humans and animals in all their variety—cats, dogs, frogs, goats, lizards, bears, tortoises, monkeys, cranes, warthogs—has beguiled us for thousands of years, mapping the cultural contradictions that riddle every romantic relationship. In this fascinating volume, preeminent fairy tale scholar Maria Tatar brings together tales from ancient times to the present and from a wide variety of cultures, highlighting the continuities and the range of themes in a fairy tale that has been used both to keep young women in their place and to encourage them to rebel, and that has entertained adults and children alike. With fresh commentary, she shows us what animals and monsters, both male and female, tell us about ourselves, and about the transformative power of empathy. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,800 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
