You know you know it... But then again, maybe you don ' t. Even if you go to church, it doesn ' t mean that you are being exposed (or exposing others) to the gospel explicitly. Sure, most people talk about Jesus, and about being good and avoiding bad, but the gospel message simply isn ' t there—at least not in its specificity and its fullness. Inspired by the needs of both the over-churched and the unchurched, and bolstered by the common neglect of the explicit gospel within Christianity, popular pastor Matt Chandler writes this best-selling treatise to remind us what is of first and utmost importance—the gospel.

Using Paul's radical letter to the Philippians as his road map, Matt Chandler forsakes the trendy to invite readers into authentic Christian maturity. The short book of Philippians is one of the most quoted in the Bible, yet Paul wrote it not for the popular sound bites, but to paint a picture of a mature Christian faith. While many give their lives to Jesus, few then go on to live a life of truly vibrant faith. In this disruptively inspiring book, Chandler offers tangible ways to develop a faith of pursuing, chasing, knowing, and loving Jesus. Because if we clean up our lives but don't get Jesus, we've lost! So let the goal be Him. To live is Christ, to die is gain—this is the message of the letter. Therefore, our lives should be lived to Him, through Him, for Him, with Him, about Him—everything should be about Jesus.

The earthly crisis within manhood will be there until Jesus returns, but in Christ men are pointed toward the gospel as the vision for renewal. Manhood Restored by exciting new pastoral voice Eric Mason combines theological depth with practical insights, putting men in step with a gospel-centered manhood that will enrich every facet of their lives. Mason begins with The Scope of Manhood -- looking first at why God created man, at the divine differences between man and woman, and what should drive the purpose of a man during his time on earth. A section on The Problems in Manhood analyzes the false icons that lead to cultural caricatures of men -- the businessman, the thug, the playboy, the athlete, etc. Mason then makes a connection to the cross-cultural fatherhood crisis, looking at the things men do to fill the void when their relationship with dad or God is not there. Finally, The Redemption of Manhood sets Jesus as the true standard of biblical manhood, looking to his perfect example to redeem and restore a man's life in the areas of sexuality, home, and work.

While many scholars around the world study and further pursue the discovery of so-called lost gospels, New Testament professor Darrell L. Bock believes the real lost gospel is the one already found in the Bible. "Recovering the Real Lost Gospel is written with the conviction that the church has become cloudy on the purpose of the gospel," he explains. "It is in many ways a biblical theology of the gospel." Bock traces key themes and texts from Scripture to answer the central question: What does the Bible say about the gospel? His response throughout clearly emphasizes that the gospel is good news and based on a restored relationship with God. Readers are invited on this mission of rediscovery to reclaim a message that has much to offer all people in a needy world.
