An eminent scholar finds a new American history in the Hispanic past of our diverse nation. The United States is still typically conceived of as an offshoot of England, with our history unfolding east to west beginning with the first English settlers in Jamestown. This view overlooks the significance of America ' s Hispanic past.

has never been greater. This absorbing narrative begins with the explorers and conquistadores who planted Spain ' s first colonies in Puerto Rico, Florida, and the Southwest. Missionaries and rancheros carry Spain ' s expansive impulse into the late eighteenth century, settling California, mapping the American interior to the Rockies, and charting the Pacific coast. During the nineteenth century Anglo-America expands west under the banner of " Manifest Destiny " and consolidates control through war with Mexico. In the Hispanic resurgence that follows, it is the peoples of Latin America who overspread the continent, from the Hispanic heartland in the West to major cities such as Chicago, Miami, New York, and Boston. The United States clearly has a Hispanic present and future. And here is its Hispanic past, presented with characteristic insight and wit by one of our greatest historians.

A sweeping saga of the Spanish history and influence in North America over five centuries, from the acclaimed author of Empire ' s Crossroads. Because of our shared English language, as well as the celebrated origin tales of the Mayflower and the rebellion of the British colonies, the United States has prized its Anglo heritage above all others. However, as Carrie Gibson explains with great depth and clarity in *El Norte*, the nation has much older Spanish roots—ones that have long been unacknowledged or marginalized. The Hispanic past of the United States predates the arrival of the Pilgrims by a century, and has been every bit as important in shaping the nation as it exists today. *El Norte* chronicles the dramatic history of Hispanic North America from the arrival of the Spanish in the early 16th century to the present—from Ponce de Leon ' s

initial landing in Florida in 1513 to Spanish control of the vast Louisiana territory in 1762 to the Mexican-American War in 1846 and up to the more recent tragedy of post-hurricane Puerto Rico and the ongoing border acrimony with Mexico. Interwoven in this narrative of events and people are cultural issues that have been there from the start but which are unresolved to this day: language, belonging, community, race, and nationality. Seeing them play out over centuries provides vital perspective at a time when it is urgently needed. In 1883, Walt Whitman meditated on his country ' s Spanish past: “ We Americans have yet to really learn our own antecedents, and sort them, to unify them, ” predicting that “ to that composite American identity of the future, Spanish character will supply some of the most needed parts. ” That future is here, and *El Norte*, a stirring and eventful history in its own right, will make a powerful impact on our national understanding. “ This history debunks the myth of American exceptionalism by revisiting a past that is not British and Protestant but Hispanic and Catholic. Gibson begins with the arrival of Spaniards in La Florida, in 1513, discusses Mexico ' s ceding of territory to the U.S., in 1848, and concludes with Trump ' s nativist fixations. Along the way, she explains how California came to be named after a fictional island in a book by a Castilian Renaissance writer and asks why we ignore a chapter of our history that began long before the Pilgrims arrived. At a time when the building of walls occupies so much attention, Gibson makes a case for the blurring of boundaries. ” —*New Yorker* “ A sweeping and accessible survey of the Hispanic history of the U.S. that illuminates the integral impact of the Spanish and their descendants on the U.S. ' s social and cultural

Download Ebook Our America A Hispanic History Of The United States

development. . . . This unusual and insightful work provides a welcome and thought-provoking angle on the country ' s history, and should be widely appreciated. ”
—Publishers Weekly, starred review, PW Pick

A sweeping history of the Latino experience in the United States- thoroughly revised and updated. The first new edition in ten years of this important study of Latinos in U.S. history, Harvest of Empire spans five centuries-from the first New World colonies to the first decade of the new millennium. Latinos are now the largest minority group in the United States, and their impact on American popular culture-from food to entertainment to literature-is greater than ever. Featuring family portraits of real- life immigrant Latino pioneers, as well as accounts of the events and conditions that compelled them to leave their homelands, Harvest of Empire is required reading for anyone wishing to understand the history and legacy of this increasingly influential group.

A groundbreaking biography of the man who gave his name to America, "Amerigo" is delivered by one of the worlds most exciting historians who spins a grand narrative full of character and story. 4 maps.

The Hispanic contribution to the making of the United States has been blatantly glossed over by most historians for the past three hundred years, despite the gallant effort of a handful of them who sought to do justice and set the record straight. This misrepresentation of the historical facts has rendered a whole nation to become oblivious to its true beginnings and formation, crippling its character and jeopardizing

Download Ebook Our America A Hispanic History Of The United States

its future. This book, based on established and undisputed historical records, is a new attempt to bring out the whole truth, to make us realize how this nation really came into being. The making of present-day United States did not begin in 1607, nor was it confined to thirteen unsettled colonies barely occupying a minute portion of a vast continent. We need to set the historical clock back and then forward, from 1513 on through well past 1776, and give due credit to Spain and other Hispanic countries, such as Mexico, for laying down many of the foundations that made us what we are today. We need also to be proud of our Hispanic heritage, and trumpet it with equal fervor and appreciation as we do it with other less deserving ones. It is only then that we would be able to define our character both as a nation and as a people.

Presents the celebrated Cuban revolutionary ' s thoughts on " Nuestra America, " the Latin America Martí fought to make free.

An intersectional history of the shared struggle for African American and Latinx civil rights Spanning more than two hundred years, An African American and Latinx History of the United States is a revolutionary, politically charged narrative history, arguing that the " Global South " was crucial to the development of America as we know it. Scholar and activist Paul Ortiz challenges the notion of westward progress as exalted by widely taught formulations like " manifest destiny " and " Jacksonian democracy, " and shows how placing African American, Latinx, and Indigenous voices unapologetically front and center transforms US history into one of the working class organizing against

Download Ebook Our America A Hispanic History Of The United States

imperialism. Drawing on rich narratives and primary source documents, Ortiz links racial segregation in the Southwest and the rise and violent fall of a powerful tradition of Mexican labor organizing in the twentieth century, to May 1, 2006, known as International Workers ' Day, when migrant laborers—Chicana/os, Afrocubanos, and immigrants from every continent on earth—united in resistance on the first “ Day Without Immigrants.” As African American civil rights activists fought Jim Crow laws and Mexican labor organizers warred against the suffocating grip of capitalism, Black and Spanish-language newspapers, abolitionists, and Latin American revolutionaries coalesced around movements built between people from the United States and people from Central America and the Caribbean. In stark contrast to the resurgence of “ America First ” rhetoric, Black and Latinx intellectuals and organizers today have historically urged the United States to build bridges of solidarity with the nations of the Americas. Incisive and timely, this bottom-up history, told from the interconnected vantage points of Latinx and African Americans, reveals the radically different ways that people of the diaspora have addressed issues still plaguing the United States today, and it offers a way forward in the continued struggle for universal civil rights. 2018 Winner of the PEN Oakland/Josephine Miles Literary Award

Juanita lives in New York and is Mexican. Felipe lives in Chicago and is Panamanian, Venezuelan, and black. Michiko lives in Los Angeles and is Peruvian and Japanese. Each of them is Latino. Thirteen young Latinos and Latinas living in America are introduced in this book celebrating the rich diversity of the Latino

and Latina experience in the United States. Free-verse fictional narratives from the perspective of each youth provide specific stories and circumstances for the reader to better understand the Latino people ' s quest for identity. Each profile is followed by nonfiction prose that further clarifies the character ' s background and history, touching upon important events in the history of the Latino American people, such as the Spanish Civil War, immigration to the US, and the internment of Latinos with Japanese ancestry during World War II. Alma Flor Ada and F. Isabel Campoy ' s informational yet heartwarming text provides a resource for young Latino readers to see themselves, while also encouraging non-Latino children to understand the breadth and depth of the contributions made by Latinos in the US. Caldecott Medalist David Diaz ' s hand-cut illustrations are bold and striking, perfectly complementing the vibrant stories in the book. YES! WE ARE LATINOS stands alone in its presentation of the broad spectrum of Latino culture and will appeal to readers of fiction and nonfiction.

Celebrate 30 influential Latinas/Latinos/Latinxs in U.S. history with Nuestra Am é rica, a fully-illustrated anthology from the Smithsonian Latino Center. Nuestra Am é rica highlights the inspiring stories of thirty Latina/o/xs throughout history and their incredible contributions to the cultural, social, and political character of the United States. The stories in this book cover each figure's cultural background, childhood, and the challenges and opportunities they met in pursuit of their goals. A glossary of terms and discussion question-filled reading guide, created by the Smithsonian Latino Center, encourage further research

and exploration. Twenty-three of the stories featured in this anthology will also be included in the future Molina Family Latino Gallery, the first national gallery dedicated to Latina/o/xs at the Smithsonian. This book is a must-have for teachers looking to create a more inclusive curriculum, Latina/o/x youth who need to see themselves represented as an important part of the American story, and all parents who want their kids to have a better understanding of American history. Featuring beautiful portraits by Gloria Félix, this is a book that children (and adults) will page through and learn from again and again. Nuestra América profiles the following notable figures: Sylvia Acevedo, Luis Álvarez, Pura Belpré, Martha E. Bernal, Julia de Burgos, César Chávez, Sandra Cisneros, Roberto Clemente, Celia Cruz, Olga E. Custodio, Óscar de la Renta, Jaime Escalante, Macario García, Emma González, Laurie Hernández, Juan Felipe Herrera, Dolores Huerta, Jennifer Lopez, Xiuhtezcatl Martínez, Sylvia Méndez, Lin-Manuel Miranda, C. David Molina, Rita Moreno, Ellen Ochoa, Jorge Ramos, Sylvia Rivera, María Elena Salinas, Sonia Sotomayor, Dara Torres, and Robert Unanue.

Named One of the Best Books of the Year by NPR A timely and groundbreaking argument that all Americans must grapple with Latinos' dynamic racial identity—because it impacts everything we think we know about race in America Latinos have long influenced everything from electoral politics to popular culture, yet many people instinctively regard them as recent immigrants rather than a longstanding racial group. In *Inventing Latinos*, Laura Gómez, a leading expert on race, law, and society, illuminates the

Download Ebook Our America A Hispanic History Of The United States

fascinating race-making , unmaking , and re-making of Latino identity that has spanned centuries , leaving a permanent imprint on how race operates in the United States today. Pulling back the lens as the country approaches an unprecedented demographic shift (Latinos will comprise a third of the American population in a matter of decades) , G ó mez also reveals the nefarious roles the United States has played in Latin America—from military interventions and economic exploitation to political interference—that , taken together , have destabilized national economies to send migrants northward over the course of more than a century. It's no coincidence that the vast majority of Latinos migrate from the places most impacted by this nation's dirty deeds , leading G ó mez to a bold call for reparations. In this audacious effort to reframe the often-confused and misrepresented discourse over the Latinx generation , G ó mez provides essential context for today's most pressing political and public debates—representation , voice , interpretation , and power—giving all of us a brilliant framework to engage cultural controversies , elections , current events , and more.
