About The Pepin Press | The
Pepin Press

This is a great follow-up
book to structural packaging
design by Pepin Press. If
you buy it, I would
recommend to try to get it
with CD. It is a good book

Download File PDF Pepin Fancy Packaging

with a lot of good die-line guides. My biggest complaint would be that the file-formats you are given on the CD (.eps) can not be imported into ArtiosCAD or illustrator without obvious errors.
