univariate and bivariate displays such as boxplots, histograms, and scatterplots. Most graphing calculators on the market are acceptable; non-graphing calculators are allowed only if they have the

computational capabilities described previously. The following, however, are not permitted:
powerbooks and portable computers, pocket organizers, electronic writing pads,

pen input devices, or devices with typewriter-style, or QWERTY, keyboards. ABOUT THE REVIEW SECTIONS As mentioned earlier, this book has a review chapter for each of the four topics

covered on the exam. The following are the four review chapters in this book that cover the topics on the AP

- Statistics: -
- Exploring Data -
- Planning a Study -
- Anticipating Patterns -
- Statistical

ANSWER KEY
SCORING THE EXAM

The multiple-choice section of the exam is scored by crediting each correct answer with one point and deducting one-fourth of a point for each

Incorrect
answer.

Unanswered
questions
receive neither
credit nor
deduction. The
free-response
questions are
graded by
readers chosen
from around the
country for
their

familiarity with
the AP Program.

Each free-
response

question is read
and scored with
the reader

providing the
score on a

0-to-4 (0 being
the lowest and 4
the highest)

scale. The free-
response

Questions are scored based on the statistical knowledge and communication the student used to answer the question. The statistical knowledge criteria include identifying the important concepts of the

File Type PDF Practice Test 4

problem and demonstrating statistical concepts and techniques that result in a correct solution of the problem. The communication criteria include an explanation of what was done and why, along

File Type PDF

Practice Test 4

with a statement of conclusions drawn. Once the free-response questions have been graded by all of the readers, the scores are converted. The open-ended questions count as 75% of the free-response

score; the investigative-task question counts as 25%. SCORING

THE MULTIPLE-CHOICE SECTION

For the multiple-choice section, use this formula to calculate

your raw score:

$$\text{Number Right} - (\text{Number Wrong} \times 1/4) = \text{Raw Score}$$

(round to the nearest whole number) Note: Do not include unanswered questions in the formula. SCORING THE FREE-RESPONSE QUESTIONS For the free-response section, use this formula to

STUDYING FOR
YOUR AP

EXAMINATION It
is never too
early to start
studying. The
earlier you
begin, the more
time you will

File Type PDF Practice Test 4

have to sharpen
your skills. Do
not

procrastinate!
Cramming is not
an effective way
to study, since
it does not
allow you the
time needed to
learn the test
material. It is
very important
for you to

File Type PDF

Practice Test 4

Ap Statistics
Answer Key

choose the time and place for studying that works best for you. Some students may set aside a certain number of hours every morning to study, while others may choose to study at night before going to sleep.

File Type PDF Practice Test 4

Other students may study during the day, while waiting on a line, or even while eating lunch. Only you can determine when and where your study time will be most effective. But be consistent and use your

File Type PDF Practice Test 4

time wisely.

Work out a study routine and stick to it!

When you take the practice exam(s), try to make your testing conditions as much like the actual test as possible. Turn your television

File Type PDF Practice Test 4

and radio off,
and sit down at
a quiet table
free from
distraction.
Make sure to
time yourself.
Complete the
practice
test(s), score
your test(s) and
thoroughly
review the
explanations for

File Type PDF Practice Test 4

the questions
you answered
incorrectly.

However, do not
review too much
during any one
sitting.

Concentrate on
one problem area
at a time by
reviewing the
question and
explanation, and
by studying our

File Type PDF Practice Test 4

review(s) until you are confident that you completely understand the material. Since you will be allowed to write in your test booklet during the actual exam, you may want to write in the margins and

File Type PDF Practice Test 4

spaces of this
book when
practicing.

However, do not
make

miscellaneous
notes on your
answer sheet.

Mark your
answers clearly
and make sure
the answer you
have chosen
corresponds to

File Type PDF

Practice Test 4

the question you
are answering.

Keep track of
your scores!

This will enable
you to gauge
your progress
and discover
general

weaknesses in
particular
sections. You
should carefully
study the

File Type PDF

Practice Test 4

reviews that cover the topics causing you difficulty, as this will build your skills in those areas. To get the most out of your studying time, we recommend that you follow the Study Schedule. It details how

File Type PDF Practice Test 4

you can best
budget your
time. TEST-
TAKING TIPS

Although you may be unfamiliar with tests such as the Advanced Placement exams, there are many ways to acquaint yourself with this type of examination and

File Type PDF

Practice Test 4

help alleviate
your test-taking
anxieties.

Listed below are
ways to help
yourself become
accustomed to
the AP exam,
some of which
may also be
applied to other
standardized
tests. Become
comfortable with

File Type PDF Practice Test 4

the format of
the AP
Examination in
Statistics. When
you are
practicing to
take the
exam(s),
simulate the
conditions under
which you will
be taking the
actual test(s).
You should

File Type PDF Practice Test 4

practice under the same time constraints as well. Stay calm and pace yourself. After simulating the test only a couple of times, you will boost your chances of doing well, and you will be able to sit down for

File Type PDF Practice Test 4

the actual test
much more
confidently.

Know the
directions and
format for each
section of the
exam.

Familiarizing
yourself with
the directions
and format of
the different
test sections

File Type PDF Practice Test 4

will not only save you time, but will also ensure that you are familiar enough with the AP exam to avoid anxiety (and the mistakes caused by being anxious). Work on the easier questions first. If you find

File Type PDF

Practice Test 4

yourself working too long on one question, make a mark next to it in your test booklet and continue. After you have answered all of the questions that you can, go back to the ones you have skipped. Use the

File Type PDF Practice Test 4

process of
elimination when
you are unsure
of an answer. If
you can
eliminate three
of the answer
choices, you
have given
yourself a fifty-
fifty chance of
getting the item
correct since
there will only

File Type PDF Practice Test 4

be two choices left from which to make a guess. If you cannot eliminate at least three of the answer choices, you may choose not to guess, as you will be penalized one-quarter of a point for every

File Type PDF Practice Test 4

Incorrect
answer.

Questions not
answered will
not be counted.
Be sure that you
are marking your
answer in the
oval that
corresponds with
the correct item
in the test
booklet. Since
the multiple-

File Type PDF Practice Test 4

choice section
is graded by
machine, marking
the wrong answer
will throw off
your score.
