Taking well-organised notes can help you to stay focussed while reading and gives you a clear record of what you've read. Some general tips include: Don't write down everything. Keep your focus in mind. Record reference details of the source before you start taking notes so you won't forget later.

~~Reading and notetaking - Academic Skills Essentials -~~

Reading Actively. At university, you will need to develop what is called active reading and note taking. This requires you to engage your brain and think about what you are reading and writing down. In-another-words you cannot just sit, read and copy from a text book or lecture slides.

Economics: Principles and Practices Reading Essentials and Note-Taking Guide is designed to help you use recognized reading strategies to improve your reading-for-information skills. For each section of the student textbook, you are alerted to key content. Then, you are asked to draw from prior

~~Reading Essentials and Note Taking Guide - Weebly~~

Active note-taking means: Think about what you want to get from your reading and why you are making notes – how much detail do you need to read, and how much detail will you need in your notes? Look for answers to the questions you need to address: are you looking for definitions, examples, or debates/theories? Look for connections between what the current text says and anything you have already read: do the authors agree?
