TESTIMONIAL - Dear
Judy, Just wanted to let
you know how much I
enjoyed your book! I am
a retired Detective
Supervisor who
managed squads of
Detectives. I wish your
book had been available
during my 25 years in
law enforcement! Many
of your how to (and
how not to) lead lessons
I learned the hard way

through OJT, observing others and trial & error.

You explain in a personal, straightforward way in easy to understand language how to successfully and safely work, manage and lead.

Other Leadership/Management books I have read in the past I found to be dry and impersonal,

Download File PDF Safety 24 7

difficult to understand
let alone apply. In
today's economy, I
would recommend this
book to anyone working
in the public or private
sector as well as to
anyone running a
business with
employees. Whether
you are a worker bee,
line supervisor, middle
management or
executive, you can

become a greater asset to your employer. You will improve the morale and your working relationship with co-workers and others, learn early recognition, prevention, and how to deal with health and safety issues that affect and cost everyone. In this era of the "bottom line", manpower hours, performance, injuries,
