Apple's video-editing program is better than ever, but it still doesn't have a printed guide to help you get started. That's where this gorgeous, full-color book comes in. You get clear explanations of iMovie's impressive new features, like instant rendering, storyboarding, and one-step special effects. Experts David Pogue and Aaron Miller also give you a complete course in film editing and DVD design. Edit video like the pros. Import raw footage, add transitions, and use iMovie's newly restored, intuitive timeline editor. Create stunning trailers. Design Hollywood-style "Coming Attractions!" previews for your movies. Share your film. Distribute your movie in a variety of places—on smartphones, Apple TV, your own site, and with one-click exports to YouTube, Facebook, Vimeo, CNN iReport, and MobileMe. Make DVDs. Design the menus, titles, and layout for your DVDs, and burn them to disc. This book covers version 9 of Apple's iMovie software.

Bursting with new features, Apple's iMovie '09 is vastly more usable and complete than iMovie '08 -- amazing right out of the box. But the box doesn't include a good user's guide, so learning these applications is another matter. iMovie '09 and iDVD: The Missing Manual gets you up to speed on everything you need to turn raw digital footage into highly creative video projects. You get crystal-clear, jargon-free explanations of iMovie's new video effects, slow & fast motion, advanced drag & drop, video stabilization, and more. Author and New York Times tech columnist David Pogue uses an objective lens to scrutinize every step of process, including how to: Organize your videos just like your photos, and precisely edit with ease Work on multiple iMovie projects at once and drag & drop clips among them Integrate with other iLife programs to use songs, photos, and an original sound track

Output your creation to a blog, its own web page, or as a video podcast with iWeb Understand basic film techniques to improve the quality of the video you bring to iMovie From choosing and using a digital camcorder to burning the finished work onto DVDs, posting it online, or creating versions for iPod and iPhone, iMovie '09 & iDVD: The Missing Manual helps you zoom right in on the details.

Fall in love with Singapore's most prominent feminist playwright. Ovidia Yu dissects all things female—from breasts to virginity, motherhood to lesbian love—and lays them bare in this omnibus collection of her finest works, including *The Woman in a Tree on the Hill*, the only Singapore play to win the Edinburgh Fringe First award.
