Tournament poker is a tough game to play but the rewards for success can be huge. Even regular online tournaments offer substantial prizes running to hundreds of thousands of dollars. Jonathan Little, a highly successful poker professional who has won over \$4 million in tournament play in just four years, explains exactly how to succeed in this highly competitive field. Playing technically sound poker is crucial but this is far from the only skill necessary. "Secrets of Professional Tournament Poker, Volume 1" dealt with the fundamentals of play. Volume 2 builds on this base and examines the highly complex issue of how to handle the different stages of a tournament. At times the best strategy is to play loose, create problems for your opponent and thus keep accumulating chips. At other times an ultra-tight strategy will be the most profitable. Understanding when to "change gears" is a highly developed skill that requires a great deal of study and experience. Jonathan Little has that experience. Managing life as a professional poker player throws up a number of issues in itself and Jonathan calls upon his many years as a pro to address these.

This new, expanded, fully updated and revised, edition of 'Secrets of Professional Tournament Poker' is a landmark in poker publishing. Originally published in two volumes in 2011 and 2012 this was both a critical and commercial success. Over the last decade, the understanding of poker has changed dramatically and this new edition

fully reflects current thinking on the game. This book will give readers a thorough understanding of everything they need to know about playing tournaments and Jonathan Little is undoubtedly the person best qualified to impart this information. The book is split into seven sections: 1) How Tournaments Work – This explains why tournaments are a highly profitable form of poker and examines the basic concepts that need to be mastered. 2) Playing Deep Stacked – This deals with situations where (most) players have stacks of 50 big blinds or more. All situations are dealt with including pre-flop and all three post-flop streets. There is further information on general topics at this stack depth. 3) Playing Mid Stacked – This deals with situations where the basic stack depth is between 27 and 50 big blinds. These situations are tricky because with the shorter stack, players are often going all-in. This means that very clear adjustments are required compared to the deeper stack strategies. 4) Playing Short Stacked – This section focuses on play below 27 big blinds. Now play is almost exclusively focused on the possibility of players going all-in. Knowing the correct ranges and plays here is vital to maximise your chances for tournament survival. 5) The Late Stages – As the prospect of serious prize money looms, huge adjustments need to be made. How to play on the bubble and concepts such as risk premium and the Independent Chip Model are fundamental to maximising your chance of landing a major prize and they are all thoroughly explained. 6) Hand Examples – This will test your understanding of everything you have learnt so far. 7) Other Considerations – You can improve your tournament results by also working on your general attitude and approach. This section encompasses all the non-technical aspects of playing, including learning, the mental approach, tells and practical tips. Jonathan Little has dedicated himself to educating players who are keen to improve their poker strategy, and in 2020, he was awarded the prestigious title of Global Poker Index “Poker Personality of the Year” – voted for by the poker-playing public. As well as being an immensely successful professional player with over \$7,000,000 in live tournament cashes, Jonathan runs the highly respected coaching site pokercoaching.com. By interacting regularly with his students, he has developed a clear understanding of how to explain important concepts in a language that can be easily understood by players of all skill levels. The result is Secrets of Professional Tournament Poker – the definitive guide to modern tournament play.

Tournament poker is a tough game to play, but the rewards for success can be huge. Even regular online tournaments offer substantial prizes running to hundreds of thousands of dollars. If you want to win big at the tables, then you must buy this book. In Secrets of Professional Tournament Poker, Volume 1 you will learn the fundamentals of play and how to handle varying stack sizes. tournament. As well as outlining a technically accurate style of play, Jonathan also discusses a number of other topics that are crucial to success at poker. These include: How to spot tells (and avoid giving them) Correct etiquette Practical tips for tournament play Managing life as a professional poker player throws up a number of issues in itself and Jonathan calls upon his many years as a pro to address these. They include: Developing your poker skills Mental & physical approaches required for successful play. As well as being one of the world's best players, Jonathan has been a highly respected coach for many years. In the final section of the book he draws on his experience here to answer the most common FAQ's asked by students and also offers an in-depth analysis of 30 hands from tournament play which outline many of the concepts discussed in the book. In his professional career he has won the WPT twice. In 2010 he cashed 5 times in the WSOP, including a third place finish.

While most poker players dream of winning \$10,000,000 on poker's biggest stage, most find it impossible to win at even the smallest stakes. They usually blame bad luck for their failures whereas in reality, they are simply not skilled enough at poker. The secret to mastering poker is not in memorizing hand ranking charts or following a predetermined system. You must learn to think for yourself while at the table in order to adjust your strategy based on your specific opponents. Strategies for Beating Small Stakes Poker Tournaments will explain how. In this guide, two-time World Poker Tour champion Jonathan Little explains numerous strategies he uses that will allow you to crush your opponents, giving you the opportunity to progress to the middle and high stakes.

Over the last ten years, the enormous growth of interest in poker and poker tournaments has led to an intense focus on the theory of tournament poker. The result was a re-examination of old ideas and the introduction of many new ones. The fundamentals of no-limit hold em did not change, but the game was revealed to have more depth than many older players could have anticipated. As a result, no-limit hold em tournament play has evolved into a newer, tougher, faster game, and good players have had to evolve to keep up. In Harrington on Modern Tournament Poker, Dan Harrington takes a fresh look at the world of no-limit hold em tournaments. He explains how the game is currently played, and what you'll have to do to be a successful tournament player in 2013 and beyond. The topics examined include how to play different hand types preflop, when to 3-bet and 4-bet, how to analyze the flop, turn, and river, and how to size your bets. Dan also explains how to adjust your strategy as your stack size grows and shrinks, and how to handle the new breed of super-aggressive players that you'll meet at the table (and, if you want, how to play that way yourself). Dan Harrington won the Gold Bracelet and the World Champion Title at the Main Event of the 1995 World Series of Poker. And he was the only player in recent history to make the final table in back-to-back years 2003 and 2004 considered by cognoscenti to be the greatest accomplishment in WSOP history.

Gus analyzes the hands that he played during 2007 Aussie Millions poker tournament and reveals his secrets for winning.
