Sensenich's 76EM8 Aluminum Propeller is designed for use on the Lycoming O-360 180 Horsepower engine. It is available in a number of different pitches to match your aircraft's speed profile. Spacers are available for moving the propeller out in front of the cowling.

76EM8 | Sensenich Propellers
We reviewed the postings to the forum regarding issues that some customers had with Tempo Epoxy Propeller Coatings. Aircraft Spruce sells thousands of cans of this prop paint each year and we do not receive many complaints, but occasionally a customer will report a can that does not spray properly When this occurs we will promptly replace the can at no charge or refund the customer.
