gic alignment with day-to-day activities and change initiatives at play, the BA (or the business architect) is challenged to identify: (1) where to start, (2) how long this effort will take, and (3) how to continually, show business architecture value to the enterprise—especially when times are lean.

**Mastering Business Analysis Standard Practices**

"In Seven Steps to Mastering Business Analysis, Barb Carkenord has gone beyond what we discuss in the BABOK to address the real challenges business analysts face in the workplace. Those analysis techniques that most other books spend all of their space on are in here, but they are discussed only after looking at the needs of the stakeholders, the project, and the business and technical environment, as should be the case.
