Sewing machine manuals are an
invaluable tool when it comes to
understanding how to properly use
your machine. These books guide the
user through each aspect of the
sewing machine, which tasks it can
perform and how to operate and
troubleshoot a particular model of the
machine. Sewing machine manuals
can often get lost.

re-thread the sewing machine according to the threading schematic provided in your machine's user manual (if you still have it). While threading, be sure that your presser foot is up, as many machines lock the tension disks when the pressure foot is down, making it impossible to thread the machine properly.

(Updated April 2010) This is an initial list of all the available downloadable sewing machine manuals, service manuals, parts lists and instructions that could be located. It is not, nor ever will be, complete but we will endeavour to update it when new sources come to light. Some links will lead to commercial websites; this is not an endorsement of their products, merely an acknowledgement of their generosity in making free manuals available.
