A rich tale of power and forbidden love revolving around a young medieval queen In 1002, fifteen-year-old Emma of Normandy crosses the Narrow Sea to wed the much older King Athelred of England, whom she meets for the first time at the church door. Thrust into an unfamiliar and treacherous court, with a husband who mistrusts her, stepsons who resent her and a bewitching rival who covets her crown, Emma must defend herself against her enemies and secure her status as queen by bearing a son. Determined to outmaneuver her adversaries, Emma forges alliances with influential men at court and wins the affection of the English people. But her growing love for a man who is not her husband and the imminent threat of a Viking invasion jeopardize both her crown and her life. Based on real events recorded in the Anglo-Saxon Chronicle, Shadow on the Crown introduces readers to a fascinating, overlooked period of history and an unforgettable heroine whose quest to find her place in the world will resonate with modern readers.

Set in England when Vikings are on the brink of invasion, this is an epic tale of seduction, war, and unrequited love from an outstanding new voice in historical fiction

Menaced by Vikings and enemies at court, Queen Emma defends her children and her crown in a riveting medieval adventure Readers first met Emma of Normandy in Patricia Bracewell ' s gripping debut novel, Shadow on the Crown. Unwillingly thrust into marriage to England ' s King Æthelred, Emma has given the king a son and heir, but theirs has never been a happy marriage. In The Price of Blood, Bracewell returns to 1006 when a beleaguered Æthelred, still haunted by his brother ' s ghost, governs with an iron fist and a royal policy that embraces murder. As tensions escalate and enmities solidify, Emma forges alliances to protect her young son from ambitious men—even from the man she

loves. In the north there is treachery brewing, and when Viking armies ravage England, loyalties are shattered and no one is safe from the sword. Rich with intrigue, compelling personalities, and fascinating detail about a little-known period in history, *The Price of Blood* will captivate fans of both historical fiction and fantasy novels such as George R. R. Martin 's *Game of Thrones* series.

A breathtaking conclusion to Bracewell's *Emma of Normandy Trilogy*, brimming with treachery, heartache, tenderness and passion as the English queen confronts ambitious and traitorous councilors, invading armies and the Danish king's power-hungry concubine. In the year 1012 England's Norman-born Queen Emma has been ten years wed to an aging, ruthless, haunted King Æthelred. The marriage is a bitterly unhappy one, between a queen who seeks to create her own sphere of influence within the court and a suspicious king who eyes her efforts with hostility and resentment. But royal discord shifts to grudging alliance when Cnut of Denmark, with the secret collusion of his English concubine Elgiva, invades England at the head of a massive viking army. Amid the chaos of war, Emma must outwit a fierce enemy whose goal is conquest, and outmaneuver the cunning Elgiva, who threatens all those whom Emma loves.

Twenty years ago, the powerful mage Atrix Wolfe unleashed an uncontrollable force that killed his beloved king. Now, the Queen of the Wood has offered him one last chance for redemption. She asks him to find her daughter, who vanished into the human world during the massacre he caused. No one has seen the princess-but deep in the kitchens of the Castle of Pelucir, there is a scullery maid who appeared out of nowhere one night long ago. She cannot speak and her eyes are full of sadness. But there are those who call her beautiful.

In this final volume of Patricia Veryan's Tales of the Jewelled Men, the eight young gentlemen who make up Rossiter's Preservers are reunited for a final battle against the evil Squire and his League of Jewelled Men. Through five volumes, these heirs of London's families of Quality have just barely fought off the League's attempts to have each of them killed, arrested or disinherited. They stand in the way of the League's nefarious master plan: to oust King George II and install themselves as leaders of a new republic. It is a plot so dangerous that the League members have succeeded in keeping their identities secret even from each other, and so daring that Rossiter and his followers have thus far been unable to prove its existence to the authorities. In the midst of marshalling their forces against the League, leaders Jamie Morris and August Falcon have another score to settle: Jamie has long adored August's delicate, beautiful sister Katrina. For just as long, August - with threats of a duel to support him - has denied Jamie the right to court her. Can August continue to oppose the match or, with the help of Gwendolyn Rossiter, will he learn the strength of true love?

The year is 1587. The Spanish are preparing to launch the Armada against the English and Queen Elizabeth. Ex-soldier David Becket, now responsible for the Queen's Ordnance discovers that large quantities of gunpowder are going astray. Can someone in the heart of the English government be selling it to the Spanish? Unaccountably he is plagued by vivid dreams of England invaded, an alternative story where the Armada is victorious. Patricia Finney's brilliant reworking of the Armada legend is an imaginative tour de force. Thrilling, intricate, and inspiring, this is a tale of courage, of love, and, ultimately, redemption

When Ombria's prince, Royce Greve, breathes his last—in palace rooms high above the city—he leaves his young son and mistress at the mercy of his ancient and powerful great-aunt, Domina Pearl. Meanwhile, in a dreamlike underworld peopled by Ombria's ghosts, a sorceress weaves her spells and brews her potions, never revealing her real face—or true heart. And somewhere in between, the struggle to rule the whole of Ombria—both its light and shadows—will rest in the hands of those whose fractured lives align like the lost pieces of a magical puzzle....

A princess fights a faceless enemy in a forest filled with magic in this tale of “high-style fantasy and adventure” from the author of *Dealing with Dragons* (The New York Times). Trouble is brewing in Alkyra. While the kingdom's noblemen squabble, on their borders an ancient enemy, the Lithmern, raises an army. As the head of the Noble House of Brenn attempts to organize an alliance, the princess Alethia celebrates her twentieth birthday. She is a remarkable woman: quick-witted, beautiful, and handy with a throwing knife. But on the next night, she passes through a dark corridor on her way to the banquet hall, and never emerges from the shadows. The Lithmern have kidnapped the princess. When Alethia regains consciousness, an evil Lithmern with a face made of shadows is carrying her through the forest. These are magic woods, home to fabled creatures whose existence she has always doubted. To find her way home, Alethia will have to learn to trust in the old tales, whose legends of magic and daring hold the only hope of saving her kingdom.

From #1 New York Times bestselling author Patricia Briggs comes a fantastical series set in a world where magic is the only thing that stands between humanity and total destruction... Seraph is a Raven mage, and among the last of the Travelers who ensure that the city of Colossae is safe from evil.

Unwelcome by those who fear magic, the wizard clans have been decimated by the very people they ' ve sworn to protect. But Seraph is spared a similar fate by the ex-soldier Tier—and together they build a life where she is no longer burdened by her people ' s responsibility. But now Tier is missing—or dead—and Seraph ' s reprieve from her duty is over. Using her magic to discover her husband ' s fate, Seraph realizes the prison that holds the evil entity known as Stalker is weakening—and only Seraph can fulfill her ancestors ' oath...
