The Jedi Trials was a process that Padawans of the Jedi Order took in order to achieve the rank of Jedi Knight. During the trial, Padawans must go through nine steps of trial: teamwork, isolation, fear, anger, betrayal, focus, instinct, forgiveness, and protection. After being acquitted on evidence of the bombing of the Jedi Temple hangar during her trial, the Jedi Council pardoned the expelled Padawan Ahsoka Tano and offered to bring her back into the Order.

The Trail of the Jedi is the second novel by Jude Watson in the Star Wars Jedi Quest book series. Summary. Anakin Skywalker knows that Obi-Wan Kenobi did not choose him as an apprentice. Instead, it was the dying wish of Obi-Wan's own Master, Qui-Gon Jinn, that brought them together. Now Anakin is beginning to doubt his Master's commitment ... and Obi-Wan is starting to wonder if he will ever be as good a Master as Qui-Gon.

As attacks by an alien force threaten to devastate the New Republic, Han Solo seeks solace from his grief over the death of Chewbacca and embarks on a quest to avenge his partner's death.

While Princess Leia struggles to evacuate several planets in the wake of an alien onslaught, Luke Skywalker tries to hold the Jedi Knights together. Original.

Major original Star Wars adventure set against the backdrop of the Clone Wars and telling the tale of Anakin Skywalker’s rise to full Jedi Knight status. Somewhere between Star Wars: Attack of the Clones and Star Wars: Episode III, Anakin Skywalker graduates from Jedi Padawan (apprentice) to Jedi Knight status. This book tells how that happens. A planet that is a crucial communications centre is taken by the Separatists, and the Republic decides to back a guerrilla fighting group called Freedom’s Sons in taking it back. A detachment of clone troopers led by Jedi Knight Nejaa Halcyon and Jedi Padawan Anakin Skywalker is sent out to help the Freedom’s Sons. Little does Anakin know that the volatile situation on this occupied planet will prove to be his own personal Jedi Trial, and that if he emerges victorious, he will have won the coveted title of full Jedi Knight, student no longer but Jedi in his own right. This is the Anakin who learns how great his powers can be and how huge is his real potential.

An exciting new era of Star Wars history is about to begin--as fantasy and science fiction's most acclaimed authors propel the legendary epic into the next millennium, introducing us to a rich cast of characters that features old favorites--Luke Skywalker, Han Solo, and Leia Organa Solo--along with the next generation of Jedi and never-before seen creatures, droids, and deadly agents of darkness. In Vector Prime, the launch novel for this thrilling new saga, New York Times bestselling author R. A. Salvatore takes the Star Wars universe to previously unscaled heights of action and imagination, expanding the beloved story of a galaxy far, far away . . . Twenty-one years have passed since the heroes of the Rebel Alliance destroyed the Death Star, breaking the power of the Emperor. Since then, the New Republic has valiantly struggled to maintain peace and prosperity among the peoples of the galaxy. But unrest has begun to spread; tensions erupt in outbreaks of rebellion that, if unchecked, threaten to destroy the Republic's tenuous reign. Into this volatile atmosphere comes Nom Anor, a charismatic firebrand who heats passions to the boiling point, sowing seeds of dissent for his own dark motives. In an effort to avert a catastrophic civil war, Leia travels with her daughter Jaina, her sister-in-law Mara Jade Skywalker, and the loyal protocol droid C-3PO, to conduct face-to-face diplomatic negotiations with Nom Anor. But he proves resistant to Leia's entreaties--and, far more inexplicably, within the Force, where a being should be, was . . . blank space. Meanwhile, Luke is plagued by reports of rogue Jedi Knights who are taking the law into their own hands. And so he wrestles with a dilemma: Should he attempt, in this climate of mistrust, to reestablish the legendary Jedi Council? As the Jedi and the Republic focus on internal struggles, a new threat surfaces, unnoticed, beyond the farthest reaches of the Outer Rim. An enemy appears from outside known space, bearing weapons and technology unlike anything New Republic scientists have ever seen. Suddenly Luke, Mara, Leia, Han Solo, and Chewbacca--along with the Solo children--are thrust again into battle, to defend the freedom so many have fought and died for. But this time, all their courage, sacrifice, and even the power of the Force itself may not be enough. . . . Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

In this essential Star Wars Legends novel, Mace Windu must journey to his long-forgotten homeworld to confront a terrifying mystery with dire personal consequences. The jungle planet of Haruun Kal, homeworld of the legendary Jedi Master Mace Windu, has become a battleground in the increasing hostilities between the Republic and the renegade Separatist movement. The Jedi Council has sent Depa Billaba—Mace ’ s former Padawan and fellow Council member—to Haruun Kal to train the local tribesmen as a guerrilla resistance force. But now the Separatists have pulled back, and Depa has not returned. The only clue to her disappearance is a cryptic recording left at the scene of a brutal massacre: a recording that hints of madness and murder, and the darkness in the jungle . . . a recording in Depa ’ s own voice. Mace Windu trained Depa. Only he can find her. Only he can learn what has changed her. Only he can stop her. He will leave behind the Republic he serves, the civilization he believes in, everything but his passion for peace and his devotion to his former Padawan. And he will learn the terrible price that must be paid when keepers of the peace are forced to make war. . . .

In 1973, a young filmmaker named George Lucas scribbled some notes for a far-fetched space-fantasy epic. Some forty years and 37 billion later, Star Wars -- related products outnumber human beings, a growing stormtrooper army spans the globe, and "Jediism" has become a religion in its own right. Lucas's creation has grown into far more than a cinematic classic; it is, quite simply, one of the most lucrative, influential, and interactive franchises of all time. Yet incredibly, until now the complete history of Star Wars -- its influences and impact, the controversies it has spawned, its financial growth and long-term prospects -- has never been told. In How Star Wars Conquered the Universe, veteran journalist Chris Taylor traces the series from the difficult birth of the original film through its sequels, the franchise's death and rebirth, the prequels, and the preparations for a new trilogy. Providing portraits of the friends, writers, artists, producers, and marketers who labored behind the scenes to turn Lucas's idea into a legend, Taylor also jousts with modern-day Jedi, tinkers with droid builders, and gets inside Boba Fett's helmet, all to find out how Star Wars has attracted and inspired so many fans for so long. Since the first film's release in 1977, Taylor shows, Star Wars has conquered our culture with a sense of lightness and exuberance, while remaining serious enough to influence politics in far-flung countries and spread a spirituality that appeals to religious groups and atheists alike. Controversial digital upgrades and poorly received prequels have actually made the franchise stronger than ever. Now, with a savvy new set of bosses holding the reins and Episode VII on the horizon, it looks like Star Wars is just getting started. An energetic, fast-moving account of this creative and commercial phenomenon, How Star Wars Conquered the Universe explains how a young filmmaker's fragile dream beat out a surprising number of rivals to gain a diehard, multigenerational fan base -- and why it will be galvanizing our imaginations and minting money for generations to come.

As Han and Leia struggle to help the refugees flooding in to the planet Duro from the Rim worlds invaded by the Yuushan Vong, Jaen Solo must face a crisis of conscience over how to use the Force as a tool for good while battling the evil invaders.
