The most common view currently is that the Gospel of Mark and a hypothetical document, called Quelle (German for "source") or Q , were used by Matthew and Luke as sources for most of the materials included in their Gospels.

In doing so he has given the fullest consideration to the many different theories advanced by modern scholars, and in

The line followed in treating this subject was first suggested by the distinction made by Dr. Arthur Wright between the three editions of the Markan narrative which appear in the three Gospels as we know them, and Dr. Wright's well-known titles for these editions - proto-Mark,
