Wartsila Marine Diesel Engines: workshop manuals PDF ...

Sulzer would become the first diesel engine builder to act as main contractor for complete diesel locomotives. The years 1933 - 1935 were a time of transition, modification & improvement, engines were now available up to 850hp. However a new range was being evolved, this was the 'LD' series, to be available for the next fifty years.

Because life is fluid - flow control and applicators | Sulzer

The RTA72U is a single-acting, low-speed, two-stroke reversible marine diesel engine manufactured by New Sulzer Diesel Ltd. It is one of the RTA series engines which were introduced in 1981 and in addition to a longer stroke than the earlier RL series, it has a cylinder-head exhaust valve providing uniflow scavenging.

Sulzer (London) took a license from Winterthur and apart from the first 10 engines built in Switzerland, Vickers built about 1,500 engines over a period of 5 years - an engine every working day. This Sulzer order represents the largest single customer contract in the history of Sulzer and will probably stand for all time - a fact stated by Peter Sulzer at the funeral of Tom Schur.
