Babylonians of Mesopotamia used the cuneiform Tablets of Destiny & Epic of Creation to systematize all cosmic knowledge into a workable paradigm called "Mardukite Zuism"-a precise systemology received directly from the Anunnaki. And for the first time in modern history, a religious

Where To Download

movement has emerged with workable spiritual technology that is relevant to the state of humanity far more than anything before known. The true Destiny of Humanity is to achieve spiritual Self-Actualization; the reunion of Self with the Divine. History demonstrates how dangerous and

Where To Download

troublesome the idea of
"Religion" actually is
and how easily it is
misused. For purposes
of incorporating
Mardukite Zuism into a
contemporary standard,
the idea of religion is
here treated as: a
concise spiritual
paradigm and set of
beliefs and practices
regarding Divine
"Infinite Beingness"-or

Where To Download

else "God." It should be understood that the Highest form of "True Worship" is to fulfill personal destiny and this begins with the Spirit-the true Self-and all external practices, rituals, ceremonies and historical examples are but outer reflections of this ideal. The word "ZU" meant "knowing" in original Sumerian

Where To Download

cuneiform script. Goals and ideals of Zuism reflect this. Mardukite Zuism seeks to assist an individual in reclaiming a realization of the True Self or "I-AM" as the Immortal Spirit, in line with a most ancient directive: to "Know Thyself." In view of the fact that all modern humans are subjected to technologies depriving

Where To Download

system of their freedoms to be, think, know and pursue truth: the goals and ideals of Zuism are to effectively revive and repair abilities and certainties of the Individual. Joshua Free first publicly launched "Mardukite Ministries" on the Summer Solstice, June 21, 2008. An active research division called the "Mardukite

Where To Download

"Chamberlains" was established in 2009, which developed and published a research library. In 2019, Joshua Free released the first published practical discoveries of "Mardukite Systemology" which now contributes applicable methods of spiritual technology that further the development

of "Mardukite Zuism"

What the most ancient Sumerian and

of an engineered system. A focus on design is critical as the output from this stage of the project locks in most of the economic and environmental performance of the designed system throughout its life which can span from a few years to many decades. Indeed it is now widely acknowledged that all
