The Grand Energy Transition, The GET, is an ongoing, powerful evolutionary energy transition that is bringing civilization out of a millennia-long epoch of limited, unsustainable dirty, solid fuels, through what history will record as a relatively short liquid transition to a future epoch of sustainable, virtually limitless, clean gaseous fuels - called by the author, the "Age of Energy Gases."

Summary This chapter begins with the concept of Grand Energy Transition (GET). GET should be understood as a one-time, evolutionary step forward for humankind. The GET is the liquid transition between the unsustainable solid energy sources of past and the virtually limitless, clean, sustainable energy sources of future.
