The Vaccination Dilemma

The vaccine controversy Make no mistake — there is certainly a controversy; one that is not new. Ever since vaccination began there has been widespread, organised, and heated opposition to it. The issue threatens the very foundation of modern medicine on one side, while undermining the sanctity of the parent-child relationship on the other.

The Vaccination Dilemma eBook: Murphy, Christine: Amazon ...

Abstract. Social dilemmas are situations wherein individuals choose between selfish interest and common good. One example of this is the vaccination dilemma, in which an individual who vaccinates at a cost protects not only himself but also others by helping maintain a common good called herd immunity. There is, however, a strong incentive to forgo vaccination, thus avoiding the associated cost, all the while enjoying the protection of herd immunity.

Vaccination Ethics. View the articles. Introduction. The World Health Organization recently included vaccine hesitancy in the Top 10 of global health threats. In high income as well as low income countries, people increasingly question the need for, and safety of, vaccinations and therefore decide to forego immunization of their children.

Vaccination Ethics | Public Health Ethics | Oxford Academic

Vaccines are responsible for many global public health successes, such as the eradication of smallpox and significant reductions in other serious infections like polio and measles. Even so, vaccinations have also long been the subject of various ethical controversies. The key ethical debates related to vaccine regulation, development, and use generally revolve around (1) mandates, (2) research and testing, (3) informed consent, and (4) access disparities.

Ethical Issues and Vaccines | History of Vaccines

America's Vaccine Dilemma In 2014, the United States saw 668 cases of measles in 23 different outbreaks—the most measles here in nearly a quarter century. One of the largest outbreaks was linked to Disneyland in California, where kids, parents and park workers alike got sick.
