This book is developed to help communicate in Spanish simply but effectively, in the workplace with customers, employees, patients and citizens. Contains easy to learn job-related and conversational expressions. An exsllent general program with less clinical terminology, ideal for provider groups and offices.

This handbook and accompanying CD have been designed to help dentists, dental hygienists, and other dental personnel communicate with Spanish-speaking patients. Intended for novice learners as well as those who need to polish their rusty high school Spanish,Paso a Pasocan be used in emergency situations or as a source of phrases to make routine visits more comfortable for patients—or anywhere between those extremes. The book includes aspects of Latino culture vital for any dental professional as well as key dental health phrases and useful grammar.Paso a Pasofocusses on learning, practicing, and speaking both standard and colloquial Spanish for an office setting. The accompanying CD presents dialogues in which Latino patients interact with health professionals using a variety of accents and levels of fluency. Like the book, the CD will be useful in workshops, work-site training, and individual learning. The chapter structure permits work-site training of an hour a day for six weeks. The CD will not be sold separately. FromPaso a Paso/Step by Step, Chapter Two "In Latin America, more than one last name is used to describe family relationships. Latino names consist of a first and middle name, or "given names," followed by the father's last name, followed by the mother's paternal surname—in that order. Many people shorten their names by using only an initial for the maternal surname. For example, in the story, Marco's name would be written Marco Antonio Hem á ndez Calder ó n or Marco Hem á ndez C. So, the surname by which official records are kept is the first surname "It is important for Americans and Latinos to understand these differences, to record the correct surname on dental records, consistently. Among Latinos, the first last name is the equivalent of a last name in the US."

Have you faced a medical emergency with a Spanish-speaking patient and found yourself unable to communicate with them? Do you want to have the ability to read through Spanish medical texts? Are you moving to a Spanish-speaking country and need to learn the language on a technical level? As a healthcare professional, you will come across all types of challenges in your daily work - as if the tasks you face already weren't tough enough, right? - so coping with each and every little thing can be a daunting task. One of the biggest roadblocks you can hit as a nurse, doctor or other health professional is a language barrier, in which you simply cannot understand or express what needs to be said. Everything slows down, and many times people suffer negative consequences because of it. For that precise reason, we have produced Medical Spanish: Real Spanish Medical Conversations for Healthcare Professionals to provide you with powerful, up-to-date and necessary tools to master the use of medical Spanish at all levels, from beginner to expert. With this book: Discover essential medical vocabulary, giving you the ability to express many terms that you will use on a day-to-day basis as a healthcare professional. Learn to recognize a person's health condition and make a diagnosis based on the information you have. Read through over 25 conversations detailing very specific, common situations that any healthcare professional will face, with a resolution to each conflict provided. Stay up to date with accurate, modern terminologies and procedures used - all while learning how to express them in Spanish! Make use of an incredible learning material that will boost your vocabulary and fluency skills in no-time! So with that said, all that's left for you is to purchase this book now and begin seeing the advantages that only Medical Spanish: Real Spanish Medical Conversations for Healthcare Professionals can provide you. Good luck!

Now in its fourth edition, this widely used textbook is designed for students or professionals in medical fields who have little or no formal background in Spanish. Using online videos, readings, exercises, and activities such as role play and improvisation, it introduces the grammar structures and specialized medical vocabulary and colloquial terms that nurses, doctors, dentists, and allied health professionals need to communicate effectively with the growing Spanish-speaking population. In addition, rich cultural notes explain Latino customs and communication styles. NEW TO THE FOURTH EDITION: Embellished full-color design with 174 illustrations and 275 classroom activities Expanded lexicon, condensed grammar, and more target-language content Audio program that can be accessed via QR codes in the text A companion Web site with video program, self-correcting quizzes, downloadable graphics, and classroom activity sheets

"This program prepares non-Spanish-speaking nurses to provide medical care and attention to Spanish-speaking patients in medical office settings and in hospitals. In addition to workplace Spanish language, this program provides trans-cultural training for nurses and future nurses. Emphasis is placed on enhancing quality of patient care. No prior knowledge of Spanish necessary."--Publisher description.

Packaged automatically with the worktexts, each CD contains: Audio recordings of all lesson dialogs found in each of the six worktexts Audio files to accompany Pr á ctica oral section of each Repaso self-test.

As a key component of The Basic Spanish Series, BASIC SPANISH FOR GETTING ALONG is a communication manual designed to serve those who seek basic conversational skills in Spanish. Written for use in two-semester or three-quarter courses, this worktext presents everyday situations that students may encounter when traveling or living in Spanish-speaking countries or when dealing with Spanish-speaking people in the United States. BASIC SPANISH FOR GETTING ALONG, Enhanced Second Edition, introduces essential vocabulary and provides students with opportunities to apply, in a wide variety of practical contexts, the grammatical structures presented in the corresponding lessons of the Basic Spanish core text. When used in combination, BASIC SPANISH and BASIC SPANISH FOR GETTING ALONG, Enhanced Second Edition, create a perfect introductory conversation class at the college level or in adult education classes. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Student Audio CDs (3 CDs) include listening segments, dialogs, and vocabulary lists from each chapter in the text.

With a simple format designed with the workplace in mind, this book includes problem solving and general communication on the job, many words and phrases to help you communicate in Spanish with your co-workers, employees or customers.
